

Lathrup Townsite News

by LILLIAN DIEDERICH

A little sunshiny news! Do not despair over the fact your Victory Garden is not yet planted because of the ceaseless rains. Last year's Victory Garden, the one that won the first prize in Michigan, was not planted until June 28, according to Robert Lee Vint, who studies garden lore.

The Vint household on Sunset boulevard is under new management. Patricia Ann Vint, age 21 months has taken over her grandparents' home while her mother visits her parents in Arizona.

Women's Club Elects Monday was a cold dismal day. Nevertheless the Women's Club

annual June luncheon held Monday at Dearborn Inn was well-attended. Mrs. Howard Stock, chairman of arrangements, reports 84 women were present. Mrs. Frank Gouldburg, retiring president, asked Mrs. Earl M. Doig, past president, to read a prayer preceding the luncheon. Immediately following the luncheon Mrs. Gouldburg installed the new officers. Mrs. Lee R. Baker took over the presidency; Mrs. Miles Beatty, vice-president; Mrs. Henry Torrance, recording secretary; Mrs. J. M. Campbell, corresponding secretary; Mrs. Morley Simpson, treasurer. The various committee chairmen and their assistants were named by Mrs. Baker. She requested that members of the club con-

tact her during the summer months expressing what war activity they would be most interested in, so that the club would have a definite goal. Bridge was the afternoon offering.

Mrs. T. G. Sluyter and son, Gerry, returned home Friday. On Sunday the Sluyters will have open house from 3 to 5 o'clock in honor of Mr. Sluyter's daughter, Virginia, of East Orange, N. J., who is visiting them. Mrs. Eugene Himes, Mrs. James Clark, Mrs. Carl Bishop, will assist Mrs. Sluyter.

Graduation

Patricia Mary Ellen Stock, daughter of the Howard Stocks, was graduated from the Little Flower High School, Wednesday. The Baccalaureate breakfast was held Sunday following Communion Mass held at the Shrine. On Thursday, Francis Tieman gave a dinner in honor of Patricia.

Howard Stock, age 13, was graduated from St. Michael's School this week. A breakfast will be given in his honor June 13. Howard's godparents, Mr. and Mrs. John Vaughn, also Mr. and Mrs. Carl Schmitts, and Dr. and Mrs. R. E. Moran, all of Detroit, will attend the breakfast.

Mrs. Lee R. Baker of Bloomfield drive, left Wednesday for two weeks' vacation visiting in Bridgeport, Conn., and New York City.

Tuesday, June 15, members of the Fortnightly Club will meet for a bridge luncheon at her home.

Mrs. Carl Bush, Hackham boulevard, entertained at a luncheon and shower June 2 in honor of Mary Elizabeth Ashley, daughter of Lt. Col. and Mrs. Lowell Byron, Detroit. On June 19 at the Metropolitan Methodist Church, she will marry Ralph E. Zimmerman, of Cleveland, nephew of Mrs. Bush.

Obituary

Levi E. Dean

Levi E. Dean 70, who was associated with the automotive industry in Detroit in its infancy, died suddenly early Friday morning at his home, 290 Harrow road, he was born March 25, 1872, in Wellesley, Ont. He married Stella Adams in Detroit on Sept. 20, 1900.

Mr. Dean came to Detroit in 1897 where he was employed as a tool maker at Leland and Faulkner Manufacturing Company, and later made a foreman at Cadillac Motor Car Company. He retired in 1931 and has made his home in Birmingham for the past 22 years. He was a member of the First Baptist Church of Birmingham.

Besides his wife, Stella, he is survived by a brother, Memo Dean, of Detroit, and a sister, Mrs. Herbert Reid, of Cathart, Ont.

Funeral services were held at the residence on Monday afternoon with the Rev. Joseph O. Nelson, Baptist minister, officiating. Burial was in Evergreen Cemetery. Arrangements were made by the Manley Bailey Funeral Home.

From CANNING to HEAT TREATING BEARINGS for PLANES

GAS IS ON THE JOB

It may be a far cry from bearings to canning, but both are important to America's war effort. In modern mechanized warfare an army moves on bearings. For planes, for tanks, for jeeps, for trucks, for big guns, for a hundred and one uses in war materials—bearings of all sizes are being manufactured. These vital parts of our war machine must be heat treated to just the proper hardness by exacting temperatures and gas was selected to do this important work. This is only one of the many war jobs gas is doing on the industrial front today.

On the home front, the canning of berries and other fruits, and of vegetables, too, is another important phase of the war effort. Here as the housewife's chief "aide-de-kitchen" gas is doing a second war job. Yes, today, your gas service is doing double duty with a single purpose, to help win the war.
