"Sure, I'll be glad to limit my long distance calls to 5 minutes"

SOMETIMES, when you make a long distance call over war-busy circuits, the operator will say—

"Please limit your call to five minutes. Others are waiting."

That doesn't happen all the time because some long distance calls go through about as usual. But whenever we have asked that calls be kept to five minutes, there has been a fine spirit of cooperation from the public.

We want to say thanks for that. Your help and understanding count double these days.
