Do you remember

when light bulbs looked like this?

The young lady in the costume of thirty-three years ago is holding a 100-watt light bulb, vintage of 1910. In those days it was considered a wonder and people were glad to pay \$1.45 for it! Yet it gave only half as much light as your 100-watt lamp of 1943.

HOW TO GET THE MOST LIGHT FOR YOUR MONEY

- Here are three helpful suggestions that will help your eyes to get all the light they need - without wasting electricity: 1. Avoid glare. Glare from bare bulbs or wrongly placed lamps makes it hard to see with comfort, no matter how much light you have.

celebrated in two services Sunday, June 13. In the year since the congregation has occupied its lovely Colonial building on West Maple, 50 new members have been added to the church. The Sunday School has grown from an enrollment of 27 on Dedication Day to 108 at the present time.

Church President

MRS. DAISYETTE D. MCKENZIE Incoming President of The First Church of Christ, Scientist, in Boston, Massachusetts

BOSTON, Mass., June 7.—The Christian Science Board of Directors today placed "prayer" at the top of the list of defensive and offensive weapons that free-thinking people are counting upon to win the global war against oppression and suppression.

No second chance...no other choice

FOR THOSE WHO FALL and freeze on the lime-covered floors of the cattle cars that carry them to German labor camps—there is no other choice. For the little children of Tepelini and Salonika and Athens who wait with swollen stomachs for the food ship that never arrives, there is nothing else to do—but wait.
