Speaker at Church Sunday Eve to Tell Of Nazi Behavior

Experiences of one year "Behind the Scenes in Nazi Germany," including time spent in a Nazi concentration camp, will be presented with lecture, (sound) motion pictures, and a 15-day furlough from Fort Sill, Okla. His wife (Margie Sturmer of Royal Oak) became the mother of an evening, June 20, at 7:30.

The speaker, who has been in Germany five times, was able, with the aid of his press credentials, to witness the beginning of Hitler's attempt for world-wide conquest. He heard Hitler speak last Wednesday and has since interviewed ranking Nazi officials, and lived in the homes of storm troopers, farmers, and factory workers.

The barbaric and brutal methods by which the Jewish people and the Christian church in Germany are being annihilated will be described and shown on the screen in unique pictures. Mr. Baney made these pictures secretly with a camera concealed in his coat pocket, and smuggled them out of the swastika country at great risk.

Because of his interest, and Christian work among the Jews in the ghetto, the American missionary was arrested a number of times, exposed to the horrible treatment of the concentration camp, and finally expelled across the border into Czechoslovakia in a deplorable physical condition.

In preparation for his work, Mr. Baney studied at the Hebrew University and the American School of Oriental Research, both in Jerusalem, and at the London University. No admission fee will be charged to this lecture, but a free-will offering will be received. The public is invited.

Final Ordination For Rev. Jorgensen

The Rev. Dan B. Jorgensen, pastor of the Embury Methodist Church, will receive final ordination 3 p. m. Sunday in the annual Detroit Conference session at St. Mark's church.

Now, then, he will be elevated to the rank of elder, and it is possible that he may be given a new assignment.

The Rev. Charles C. Becker, pastor of the First Methodist Church of Birmingham, started at the conference earlier for music chairman of the Board of Ministerial Training, which passes on new clergymen. Although in Detroit almost continually since Tuesday, he has not returned to his pulpit here Sunday morning.

Russian Place Names Because of the gender of words understood but not expressed, the names of small (Russian) villages may end in a (or aya), large villages in o and cities may be without a suffix. As a community grows, it may pass through all three stages: Gavrilova, Gavrilovo and Gavrilov. This and another picturesque habit—that of changing the names to honor new heroes—cause maps and sometimes dispatches to disagree. "War Words," by W. Cabell Greet.

"Ladies, let's help cook a tank!..." "Funny thing! Women understand why sugar, coffee, gasoline and oil have to be rationed... but few of us dream that the Gas that cooks our breakfast bacon is also a vital war material. It probably never occurs to us that we are actually helping to build a tank or a plane or a ship or a gun when we avoid wasteful use of Gas in cooking and especially in house heating and water heating. For Gas is used in making nearly every kind of weapon we need to win the war!" "We women have always known that Gas is a fast cooking fuel, that it's completely flexible and easy to control. So we can easily understand why Gas is important in helping to give our fighting forces better equipment—it's keeping production in order that our boys may finish the job over there and get back home." "So let's all remember... it's just as patriotic to use Gas wisely as it is to make the many other sacrifices that are needed for Victory!" GAS is vital to war production... use it wisely!
