Perpetuate Her Memory—Immediately after Mrs. White's death, the directors of the Birmingham group of the University of Michigan Alumnae Association voted to establish the Florence Baker White Student Loan Fund, a revolving fund to assist youth in attending the university. The association voted a contribution from its own treasury to start the fund, and Mrs. Robert F. Watt, chairman of the Birmingham committee, said that many other contributions had been sent by Michigan alumnae and friends of the family to perpetuate Mrs. White's work with boys and girls.

Other friends made contributions toward establishment of a "campership" fund under the auspices of the Birmingham Girl Scout Council. It is expected the contributions will be used to further Mrs. White's aim to assist girls to attend Girl Scout camps.

BOND (Continued from Page 1) Community House headquarters. The Detroit War Chest directors have assumed the Birmingham Y's budget for this coming year, so previous subscribers to this may add that amount to their local office. The local USO, Red Cross, YMCA, and Catholic organizations, as well as the Community House organization, will take part in the solicitation, but the latter will conduct its usual drive for supporting funds next March, because it is neither a charity nor a war relief agency. Estes' Statement—In a statement of thanks to the Gallants, Mr. Estes said: "The spirit of the men and women selling E bonds should, in some way, be shown to the men and women in the service. I have taken great satisfaction in writing my son, who is now putting up with the inconveniences of an army under maneuvers, to the effect that Birmingham really went after this drive with vim and vigor, and the response of it is neither less nor more than enthusiastic. "It was a real pleasure for me to add my bit to this effort and part of my compensation was in talking with the workers whose spirit rose as their quotas were met and passed. "The effort of every worker is to be commended whether he sold one bond of \$25.00 or a total of \$10,000. The men and women of Birmingham, and the young folks, too, showed the kind of spirit which makes Birmingham the outstanding fine type of home city of which we are proud."
