Says Americans Can't Read
This question may seem foolish in view of the fact that you are reading this editorial, but before answering, let us consider what it means.

Obviously, the educator is telling us that we read carelessly, without comprehending the import of the words that we see.

Obviously, the nation has millions of citizens who read carelessly, with resulting confusion as to facts, figures, ratios and relationships.

The human race includes many types of individuals, with varying interests and degrees of intensity.

Every attempt yet made to compel the Senators to listen to the financial speeches of each other has been a flat failure.

If you want good pictures such as this one—watch your exposure. AT THIS time of year the days are growing shorter, and sun light seems less strong than in the summertime.

Now let me summarize these exposure suggestions. First, use the hour of sunrise or sunset for your main picture.
