

Latrup Townsite News

by LILLIAN DIEDERICH

Mr. and Mrs. Ernest J. Raus and daughter Shirley, of Golden Gate drive, returned last week from a month's vacation spent at Alpena, Mich.

Paul Inman, son of Mr. and Mrs. Lawrence Inman, of San Jose road, visited his brother, Larry, last week at the University of Tennessee, at Knoxville, where he is stationed in the Army Air Corps. Paul enlisted recently in the Air Corps and has received orders to report for duty within the next three weeks.

Frances Dulac, daughter of Mrs. Edward C. Tieman, of Latrup boulevard, left last week for St. Mary's Academy, Monroe, Mich. On Friday evening a scavenger hunt given at her home started off a round of parties given in her honor. No driving was permitted on the scavenger hunt. The hostess collected car keys to eliminate that. Prizes were awarded the winners. Violet Wilson, daughter of the Fred Wilsons, entertained for Frances on Saturday evening.

Mrs. Fred Wilson and Mrs. Edward Tieman were co-hostesses Friday evening entertaining their bridge club with Mrs. Leo France as guest of honor.

Mr. and Mrs. Clarence Beaudoin and family, of San Quentin drive, will visit Mr. and Mrs. Ross Lawton, of Cleveland, next week end.

Women's Club of Latrup Townsite, will give a tea Monday, Sept. 27, from 3 to 5 p. m. in the school auditorium. Our school teachers will be present to meet the mothers. Display tables of work done by our Red Cross workers will be an added attraction. All are invited to attend.

Mrs. R. E. Elias, of Saratoga

boulevard, chairman of Ways and Means, was the first hostess to give a desert bridge to raise funds for Women's Club projects this fall. The party was Monday and 13 tables of bridge participated. She was assisted by her committee.

Did you listen in Tuesday night? If you weren't tuned in on the Horace Heidt program at 8:30 Tuesday evening you missed a surprise and a TREAT. For our very own Frank Sargent, son of Mr. and Mrs. Frank P. Sargent, of San Quentin drive, sang his VERY OWN song, "We're Gonna Win."

Consignmentsman Sargent, age 25, stationery Ellis Island wrote the music and lyrics of the snappy lullaby. Weeks ago when the sailor was home on furlough he brought with him a recording made by the Lynn Murray chorus. David Redwood, director of the Chevrolet Glee Club heard the record and predicted it would go places. The club is now singing it about town. It is being sung in several "hot" spots in New York City and Bridgeport, Conn. "We're Gonna Win" was Sargent's first effort at song writing. He has lately written another titled "Americans."

Horace Heidt told the sailor he had written a very stirring song and that it would soon be played by every band in the country. Much has been said and written about the faithfulness of the milkman. His devotion to duty in stifling hot weather, and freezing cold. Not much has been written about his salesmanship. But definitely he must first be a salesman to visualize where a prospective new customer will be, months from now. He watches and waits and grabs opportunities. In our midst is Maurice Clevering, a Detroit Creamery deliverer, who not only gives "sharp" service but is sharp enough to have sold \$15,000 worth of Bonds during the past two weeks. And he is not through yet, so if you have any loose dough floating around you better not let him get out of it. Unless maybe you're patriotic!

Mae—But remember, dear, you can't believe everything you hear. Louise—Of course not. But you can repeat it.

Pierce School Boy Scouts
The officers and committeemen of the Pierce School Boy Scout Troop B-7 met recently at the Community House to complete their program of activities for the troop for the fall and winter months. Arrangements have been made for an interesting schedule, including hikes and overnight outings.

The first affair planned for the season is a "Fall Round Up" at Camp George, with the boys entertaining their fathers on an overnight trip Saturday and Sunday, Sept. 25 and 26. This troop is a newly organized group under the sponsorship of the Pierce School Parent-Teacher Association.

KNUCKLE BUSTER — U. S. fighting words for a Crescent wrench used by auto and aviation mechanics. Our boys in the invasion armies are depending on you not to throw a wrench in the works. Buy an extra \$100.00 invasion Bond in September.

To all DETROIT EDISON CUSTOMERS

The War Production Board has asked The Detroit Edison Company and all electric utilities to cooperate in a nationwide voluntary program to reduce the use of electricity.

Electricity is cheap and unrationed, and in our Company there is no shortage of generating plant or distribution facilities. But electricity requires thousands of tons of coal per day in its manufacture—besides manpower, transportation and other critical materials. The coal situation is a matter of vital importance to everyone—and when you save electricity you save coal, as well as many other materials needed for war.

Direct savings in lighting and power can be obtained by turning off lights which for a time you can get along without, and by using only essential electrical equipment. No effort need be made to curtail necessary military, aviation and police lighting, or lighting essential to public health—including light for eyesight conservation and safety. Nor will plant protection lighting, transportation, or light for production purposes be affected.

ALL public utilities are included in this nationwide conservation program—gas, telephone, water, transportation—as well as electricity. Your help and the help of all our customers will make the program a success. Here is an opportunity to prove that patriotic self-imposed, voluntary rationing can work. The Detroit Edison Company.

A 3 per cent saving in the Detroit Edison monthly output of electricity will save approximately

7,000 TONS OF COAL PER MONTH (117 CARLOADS)

TRANSPORTATION 8,500 MAN-HOURS

If Once You Fail—

Little Madeline Togg of Ashford, Michigan, dips her net into the Thames but brings up nothing but mud. Tsk! Tsk! She and other British are finding "Father Thames" a fine vacation spot, now that the Luftwaffe has been curtailed along with travel.
