Red Cross Is Clearing House for All Gifts To Be Made to Army Camps and Hospitals

Mrs. Walter Appell, Orchard Lakes, county chairman for the camp and hospital committee of Oakland County Chapter, American Red Cross, attended a meeting of the council recently at Four Custer.

During her stay Mrs. Appell visited Percy Jones hospital and interviewed the American Red Cross field director there in reference to needs of servicemen hospitalized at Percy Jones. She was told that as a result of the kindness and generosity of individuals and organizations of the state of Michigan present needs at the hospital are filled.

Contrary to the belief of many persons there is no need for wheel chairs nor magazine subscriptions at Percy Jones. It is not possible for the hospital to accept old magazines. Sorting and distribution of such magazines requires more time and help than is available or practical as there are an adequate number of new publications received at the hospital.

Individuals and organizations of the state which have contributions to make are asked to use their local Red Cross chapter as a channel. The chapters will be in-

School Variety Show To Be Given by Pierce PTA Friday, Apr. 21

On Friday evening, April 21, Pierce P. T. A. will present the "Pierce School Variety Show." This evening of entertainment for parents, teachers and students will be the fund raising project of the current school year.

At 7:15 o'clock home baked goods, donated by the members, will be on sale in the upper hall. At 8:15 o'clock the auditorium will be the scene of the "Variety Show."

The musical bill of the program will open with selections by a dance band group made up of students from Barman junior high school. Messrs Victor Ulrich, Victor Peck, Dan Robins and Robert Peck will comprise vocal quartet. Miss Jane Marley, former teacher at Pierce, will play a group of piano numbers. The second portion of the program will be dancing by the students of the Frances Waisworth Dance Studio of Detroit.

Tickets will be sent to the homes by the children and will also be on sale at the school.

GOD KNOWS ALL THINGS
God knows all things, He doeth
We tread the deeps, He reaches
His mighty glow bright with stars
He helps every step we take
He gives us grace to live and
Faith to die.

God knows all things, and knowing,
Heals us walk on, no matter what
The load, it seems our lot to
bear.
He helps every step we take
He gives us grace to live and
Faith to die.

God knows all things, so bless his
Holy Name.
Secure beneath His sheltering
care, whatever comes, remembering
Him into our path.
Cast gloom and sorrow from our
Soul love and trust, believing
God knows all things.

Sunday School Class Is Being Organized

The Young Adults of the Methodist church have organized a Sunday school class whose purpose is to provide a mixed class of adults in the church with the ultimate goal of building up the church.

The teacher of the class is Mrs. Evelyn Alford and the next regular meeting will be on April 21 at the church or church house. It will be an annual and business meeting. One of the aims of this gathering will be to select a name for the class and all young people in Birmingham who might be interested are invited to meet with the group.

Waste Paper Helps Navy Wounded
Our fighting men can dish it out and take it, too, when injury comes their way. But we at home have to see to it that they are well taken care of. One way you can help is to save all the waste paper possible. It is one of America's most serious shortages. Recycled waste paper fights, feeds, saves lives. Paper containers are used for shipping blood plasma, medical supplies, ammunition, food. Here's a list of items that you can help with: 1. Save all waste paper. 2. Recycle it. 3. Donate it to the War Relocation Authority. 4. Donate it to the War Relocation Authority. 5. Donate it to the War Relocation Authority.

The house of the MICHIGAN MILK PRODUCERS ASSOCIATION is founded upon a rock of confidence, efficiency and honest service to all.

Organized in 1916 for the common good of all, it has withstood the rains of criticism by detractors, floods of falsehoods by self-seekers, and the winds of destruction by "labor evangelists."

28 YEARS OF FAITHFUL OPERATION has built a structure of capable and efficient management, well trained personnel, a background of substance in capital and equipment, and an unimpeachable record which has stood against all assaults of skeptics and potential destroyers.

"There are more Long Distance calls every day"

And more of them are in a hurry than ever before.

So when the lights get thick on Long Distance switchboards the operator will say . . . "Please limit your call to 5 minutes."

That's to help more people get on the wires during rush periods.

Can You Picture MICHIGAN without its Fire Fighters?

Maybe you've never had to call the fire department — maybe you never will. But it's a mighty comforting thought to know that it's there, ready night and day to save you and yours from one of man's most treacherous and terrifying enemies.

The heroic work done by fire fighters in so many of the towns and cities of our Allies, which have been showered with incendiaries and explosives, is drama itself. The job of our own firemen right here at home in Michigan may be less spectacular but it's no less important—particularly to us. Yet most of us give little thought to this vital safeguard of our everyday life — until an emergency comes along.

There are 3,438 men in Michigan whose full-time job is the protection of lives and property of the citizens of this State. These are the regular firemen—
