

Realtors Select Five Committees

At a meeting of the board of directors of the Birmingham Real Estate Board, six following members were appointed to serve on the board's arbitration committee: L. Linton, W. W. Raymond, Lewis Hascall, Otto Beier, and Elliott S. Kinney.

Duties of the committee will be to hear complaints concerning breaches of the realtors' code of ethics or such business conduct as may tend to bring discredit on the board or real estate profession.

President Clyde C. Bennett also announced the appointment of vigilance, appraisal, legislative and new activities committees. Board members selected for these committees include R. F. Watt, E. S. Jackson, F. M. Broock, and Mayor Ray Palmer as well as Mrs. Murrel Lane and Mrs. Horace Poim.

Include a handful of salted almonds in the lunch box. They are a grand surprise and give interest to other foods with less character. Lunch eaters enjoy a crunchily food/new and then.

WALNUT
Pre-Fabricated
BROODER HOUSE

READY NOW FOR PROMPT DELIVERY

If you're going to need a brooder house this season, order it NOW. Material and manpower problems may result in shortage later.

Check these outstanding points of Walnut buildings: Quality... Good Looks... Ease of Erection... Controlled Fresh Air... Moderate Temperatures... Wall-to-Wall Head Room... Savings Due to Assembly Line Methods.

"Over" Is Still The Best Way

Anyone Can Spade a Little at a Time.

Victory gardeners should turn a leaf over to the debate now going on among theorists about the wisdom or folly of the ancient practice of plowing to turn the soil over.

Unless the garden was spaded last fall, it should be either plowed or spaded as soon as in condition to work this spring, and the soil should be turned over.

Drive the spade straight down, to get maximum depth, lift it high enough to enable you to drop the "spit" on its bottom side up. Take your time about this, working not over an hour a day, and your garden will be ready in a surprisingly short time, with a minimum of sore muscles.

Working an hour a day, a garden 1,000 square feet in area can be spaded in eight days. O'Keefe way is to mazz-out the area you intend to work at one time. Then open a trench at one end, depositing the dirt removed from it near the other end of the area. Now lift the soil adjoining the trench, so that a second trench is opened, and the earth from it deposited,

bottom up, in the first trench, continue until the day's stint is done. In the last trench with soil plowed from the first.

In the spring, be careful not to spade into the soil undecayed

leaves, manure, plant stems, or to turn over heavy soil, which may slowly and make it difficult to cultivate. Light soil, or gravel crops, may be turned under, or a light dressing of manure may be hauled in this way. Spread it evenly over the area, and after the first trench is opened, rake the manure from the next. This to be spaded and place it in the bottom of the trench.

Continue in this manner, making sure that all the manure is buried so deeply that it will never catch in your cultivating tools. In general it is better to pile up soil and debris in a compost heap to decay, than to spade it into the soil in the spring, where it is likely to interfere with cultivation. It will not increase the food content of the soil until after it has decayed, and may in fact reduce it.

Delicious Dishes Easily Made From Dehydrated Foods

If you do not have home dehydrated foods to use in these recipes, there are the point-free dried lima beans, onion flakes, peas, apples and peaches which many grocers sell.

Dehydrated Pea and Carrot Soup
Place in a soup kettle... 1 ham bone... Add... and cook slowly for 1 1/2 hours for best results.
Remove ham and strain. Pour back into kettle and add:
1 cup dehydrated peas
1 cup dehydrated carrots
1 cup dehydrated onions
1 1/2 cups milk
Cook slowly 1 1/2 hours.

Cream of Onion Soup
Measure 1 cup dehydrated onions. Add 1 cup hot stock or consommé. Heat slowly in saucepan. Add 1/2 cup milk in sipping quantity. Turn and stir until thick and smooth. Add 1/2 cup dehydrated peas. Cook slowly 1 1/2 hours.

Creole Lima Beans Over Rice
Refrigerate 3 cups dehydrated lima beans in 1 1/2 cup water. Cook for 1 1/2 hours, then run through a strainer. Refrigerate 2 cups dehydrated onion flakes in 1 1/2 cup water. Cook for 2 hours. 1 cup dehydrated peas in 1 1/2 cup water. Cook for 2 hours. Add 1/2 cup dehydrated peas. Add other ingredients and add 2 cups milk. Cook for 1 1/2 hours. Season with salt and pepper to taste. Serve with rice. Sprinkle with grated cheese, if desired.

Baked Corn Pudding
Refrigerate over night 1 cup dehydrated corn. Cook for 2 hours. 2 cups dehydrated peas in 1 1/2 cup water. Cook for 2 hours. 1 cup dehydrated onion flakes in 1 1/2 cup water. Cook for 2 hours. Add 1/2 cup dehydrated peas. Add other ingredients and add 2 cups milk. Cook for 1 1/2 hours. Season with salt and pepper to taste. Bake for 1 1/2 to 2 hours at 350° F.

French Bread
Refrigerate for 2 hours 1 cup dehydrated wheat. Cook for 1 1/2 hours. Add 1/2 cup dehydrated onion flakes. Add 1/2 cup dehydrated peas. Add other ingredients and add 2 cups milk. Cook for 1 1/2 hours. Season with salt and pepper to taste. Bake for 1 1/2 to 2 hours at 350° F.

Jack and Jill
Weat up the Hill
To fetch waste paper piled there,
To bomb Berlin
And help us win
And make the Nazis riled there.
