Evelyn Buchanan Takes New Church Position in East

Evelyn Grayson Buchanan leaves today to take her new work as the general secretary of the YWCA in Titusville, Pa. For the past two years Miss Buchanan has been on the staff of Christ Church Cranbrook. To quote from a recent issue of the parish paper, "The Carillon": "Under the leadership of Mrs. Evelyn Buchanan, our director of Christian education, the Sunday school has gone far beyond the bookish written by her entitled, 'What Christ Church Offers Your Child' has made a definite contribution not only to our parish but to all church schools in the country. We are printing a second edition because of numerous requests. The curriculum has been integrated; the worship services have been made meaningful; the conscientiousness on the part of the members of the Sunday School in regard to their social responsibilities has increased. In projects which have involved the giving of themselves, their time and their money they have learned through experience the joy of sharing."

Country Fair Is Fun for Young Set

Last Saturday night was a time of big doings at the J. C. Forster barn on Bingham road when Beta Justa Gamma had a real old-fashioned country fair.

Just like a real country fair, there was lots for everyone to do. As a refreshment stand offered peanuts, popcorn, hot dogs, lemonade and ice cream. A three piece orchestra played for dancing in the garage, and a dart game in the corner brought out lots of local talent.

Pudie Colgrove was general chairman for the whole affair but she has numerous capable assistants. Mary Kay Smith served at the lemonade booth, Kay Brumbaum dished out popcorn, and Fely Saunders and Barb Forster handled the hot dogs and ice cream.

Helen Hazonjan, Jean Helgeson and Margie MacDonald aided with Mary Quinn and Velma Keogh took charge of the dart targets, organized the dancing and thought of other entertainment for the customers. B. J. Wales filled the fish pond.

Tickets were taken care of by Jane Sney, while Norma Swisher and Ruth Wales gave the Fair lots of advance publicity.

SAVE WASTE FATS

Imagine an area slightly larger than the 2,057 square mile state of Delaware. If this territory were planted with nothing but mile after mile of soybeans, the soybean harvest would still be less than the \$20,000,000 pounds of used cooking fat that conscientious drop by drop saving can produce.

Enough milkweed flax for 50 life jackets was turned in last year by students in an Indian training school in northwest Utah.

Accent on Curves

Quite a bit of glitter and the drama of striped satin combine to make an glamorous New York fashion for dinner and evening as the dress pictured. The long, moulded bodice with its deep neckline and the semi-petate and skirt that the knee give a two-piece look to this slim Fall gown with the pink and black of the satin scalloped in a quilt embroidery. Contrasting with such styles are short and long nighttime dresses made entirely of the striped satin, and sleek wide-skirted lines, and cocktail dresses with crepe bodices and striped satin skirts.
