Pierce P.T.A. Will Meet Tonight With A Special Program

This evening at 8:15 o'clock the Pierce P.T.A. will offer diversion and information to the parents of children in Pierce who want to know the how and why of report card markings.

A comedy skit, entitled "Hamburg Heaven," written especially for the P.T.A. by Dean Coffin and starring Mrs. Dean Coffin, will present this part of the program of the evening. A special panel board of six witnesses will take up the subject from a serious mood with an opportunity for questions from the floor.

Following a precedent set at the November meeting when a new and a more experienced teacher on the staff was interviewed, two teachers—Mrs. Irene Mortenson, new to the staff this year and teacher of the kindergarten, will be presented along with Miss Betty Olsen, teacher of the 4th grade.

The program committee has secured for demonstration and use on the program a new type of picture projector, the delineoscope, in which several of the local schools are interested, as an aid to the reading program.

Members of other P.T.A.'s who would like to see this machine in use are urged to visit Pierce tonight.

Following the program refreshments will be served. The social hour will afford an opportunity for parents to become better ac-

quainted with the teachers and with other fathers and mothers. Refreshments are in charge of a committee headed by Mrs. Harold Colwell, including Mrs. A. C. Richards, Mrs. Ivan Van Scholck, and Mrs. J. A. Cooney. There will be a meeting of the executive board of the P.T.A. promptly at 7:30 p. m. this evening in the library.
