"On these three days every Birmingham youngster in school will carry waste papers from his or her home to the trailers, and each will also call on neighbors who have no children in school," said Mr. John yesterday. The paper will be weighed and loaded into the trailers, then taken to specified stations for use by the armed forces.

VALUES

(Continued from Page 1) "Therefore, everyone who heareth these words of Mine and doeth them shall be likened unto a wise man who built his house upon a rock."—Matthew 7:24. Sermon in Part He said in part: "There never was a time when there were so many serious young people in the world as there are now. Some are in a state of devastation and held by an iron hand, but not conquered. Some are in the battle lines, or near them. Many are in schools and camps preparing for the war. Some are in graduating classes and are wondering about the future. A baccalaureate speaker would be unfair to the class and to his own position if he did not bring of the best he knows at such an hour. The text is in the conclusion of the world's greatest sermon, the Sermon on the Mount, given by the world's Greatest Teacher, the Sermon on the Mount. "From the text comes the fact that life's supreme values are found in the teachings of Jesus. "The Purpose of Religion" is "To help one act the most out of life. Religion is compared to the rudder on a ship; the use derived from boilers, engines, screw propellers and all other machinery is determined by the rudder. Religion is the dominating element in life. It is more than that, but it is that. "The Pattern of Religion" is found in the teachings and character of Jesus. He specialized in life, drawing the best from the Old Testament, adding to that his own contribution. He taught man's relation to God, man's relation to man, and man's relation to the plan God has for humankind. "Men in the fox-holes and on the rafts are finding the value of this religion. There will be no new religion coming out of the war. Men in peril are discovering, piece by piece, the essentials of religion which have been known for a long, long time. Rickenbacker and the others on the raft had nothing new. They had the "New Testament," which is nearly nineteen hundred years old, and they had prayer which is about as old as the human family. They had an experience which was new to them, and we rejoice in it. But what they entered into was the religion Jesus taught, a religion we may all have in normal, everyday living. If we will take the time to find it. We can get the best by association with the best, and that best is found in Christ."

Win First Mid-Year Diplomas at Cranbrook

Prospective alumni of Cranbrook School, Bloomfield Hills, contacted the pillar in Alumni Court on which their names are to be engraved in stone, graduates of Cranbrook on Friday, January 28th. This is the first time in the history of the school that diplomas have been awarded in mid-year. This has been made possible by the summer session and acceleration courses conducted for the benefit of boys about to enter war service. Left to right are: Slex Riker of Pontiac, Ed Klein of Detroit, Thomas Parrish of Grosse Pointe Farms and William LeMessurier of Bloomfield Hills. Alex Riker is the son of Dr. and Mrs. Aaron D. Riker, 4566 Commerce Road, Pontiac. He has attended Cranbrook School for the past four years, having previously attended the public schools of Pontiac. He was a member of the Cranbrook Glee Club and played basketball, soccer and baseball. He has been a member of Dr. Ross' pre-med study group and expects to continue with the study of medicine. Riker expects to enter the University of Michigan in February. William LeMessurier is the son

Air Wardens to Call

Prior to the actual collection of waste paper, Feb. 2-4-5, Mr. Strickler will ask all local air raid wardens to call at homes, explaining the campaign and suggesting ways to co-operate in it. We believe that, on the whole, Birmingham homes have countless tons of needed waste paper which to the average household wishes to get rid of. Our problem in the past has been one of regular collections. After the coming campaign is finished, plans are under way to have the City trucks collect waste paper the first Friday of each month, at the curb.

Knights of Pythias Plan Birthday Ball

Birmingham members of the Knights of Pythias are busy with final plans for the big President's Birthday Ball to be given at the Victory Ball room, 14 Mile Road, on the evening of Jan. 29 to raise money for the infantile paralysis campaign. The event is being worked up in co-operation with the Clawson Masons and the American Legion and gives promise of being a very enjoyable affair and largely attended. Last year a similar event resulted in a fund of about \$250 for this cause. Included for this year's affair is dancing, a floor show, and refreshments. Bert C. Harrison is general chairman and R. W. Huston is treasurer.

Local Churches To Hold School

Plans are now completed for Birmingham's School of Religion and information available in the days it should attract a large attendance of deeply interested persons. The schools, held by churches and the Y.M.C.A., is to open February 21 and continue through March 27. Sessions will be in the First Baptist church. All courses are accredited by the International Council of Religious Education, representing 40 Y.M.C.A.'s. Robert D. Lynd, of the Y.M.C.A., is director of the school. Each course will have two 50-minute sessions each Monday evening and each course is open to anyone in the community. Co-operating churches include the First Baptist church, First Church, Cranbrook, First Methodist church, First Presbyterian church and St. James Episcopal church. The curriculum and instruction include: "Ways of Teaching," taught by Albert L. Goodland, director of religious education, Detroit Council of Churches; "The Message of the Prophets for Their Day and Our Day," taught by George Carhart; "Guiding Youth," Approach to Religion, taught by Miss Olive Robinson; "Recreational Leadership," taught by Miss Jo Kreiner, a special instructor in Wayne University. She will be assisted by Chester Graham, at several of the sessions. Miss Mary E. Anderson, director of religious education at the First Methodist church, will act as chairman. Registrations should be held in advance at least a week before the opening of the school and may be made in any church through the registrar or at the Y.M.C.A. in the Community House. The Commission stipulated a sum, not to exceed \$300 to pay for the water to be used in the swimming pool. Mrs. E. J. Quinn and Robert Lynd of the Recreation Board were called in and discussed the proposed plan with the City Commission. The commission accepted the bill of the Gulf Oil company for 200 gallons of gasoline at 8.3656 cents per gallon, less one cent, as recommended by City Manager Corson. He stated the bid was one-sixth of a cent lower than the amount for the last gasoline purchased. Further report was made on the removal of several large trees on streets of the city and the matter is to be given further study and reported back to the commission for action. At next week's meeting of the commission the proposed new retaining plan for city employees to receive further study and possibly final action to make possible presentation to the people at the spring election.

The new ordinance prepared by his committee and stated and approved by the Commission, retains the existing zoning districts and changes the existing zoning districts of a zoning map for the present code and bounds districts which were somewhat inadequate for the purpose. The committee also classified districts, and a buffer district surrounding the commercial district. "There is no provision in the ordinance for an industrial area in Brookside Hills. The restrictions in these districts have not been changed in any essential respect, except that certain types of buildings which are permitted anywhere in the city under the present ordinance are continued in the commercial and buffer districts under the proposed ordinance. Penal and commercial districts, or those for the care of contagious diseases or insane, epileptic, liquor, or drug addicts, are not permitted in the City of Bloomfield Hills."
