THE Fifth War Bond Drive is over—but *the Invasion is not!* Actually, the war right now is at its most critical stage—which is just why our men need *your* support as never before, why they need you to help pay for the mass of materials of all kinds that will bring crushing defeat to our enemies that much sooner!

Of course, you have just done your part in the Fifth War Loan

Drive—but they have done theirs in many a grim, bloody battle and *they* aren't resting on what they've done before! They are carrying the fight to the enemy wherever they can reach him, every day—and your dollars are needed every day, too!

Surely you won't stop buying—won't let up now—when the chips are down!

**5 MORE REASONS
for Keeping Up
Your Bond Buying**

1. War Bonds are the best, the safest investment in the world!
2. War Bonds return you \$4 for every \$3 in 10 years.
3. War Bonds help keep prices down.
4. War Bonds will help win the Peace by increasing purchasing power after the war.
5. War Bonds mean education for your children, security for you, funds for retirement.

KEEP ON BACKING THE ATTACK!
