What then is our duty this Memorial Day? It is to remember those who have died for their country, to remember those who are still fighting, to remember those who are still suffering, to remember those who are still dying.

These two wicked powers must be destroyed for there can be no peace in the world while they exist. The German and Japanese peoples need not be destroyed if they will disassociate themselves from their evil leaders.

These are the thoughts that therefore, our solemn duty and that of our allies to destroy that hidden enemy. We may say literally to our defenders, "Onward Christian Soldiers." Our millions are waging a battle of righteousness and, for our part, a battle for saving American way of life, of which neither we nor they should be ashamed.

KNOW ALL THE TRICKS by Blackstone

WORLD-FAMOUS MAGICIAN. THE MULTIPLYING COINS. Three pennies on the table, but four when you sweep them off! Can you do this one? (See explanation below.)

WE CAN'T MULTIPLY ALTES LAGER

We could say "abracadabra" and "presto-change-o" all day long over our rationed supply of malt these days and still we couldn't produce any more Altes Lager than we are making right now.

HOW IT'S DONE—First you lay three pennies on a table edge. Both your hands are shown as empty. Then with your right hand, you sweep the three pennies off into your left. When the left hand is opened it contains four coins instead of three! The fourth coin is attached to the underside of the table by a dab of soap. While the left hand is receiving the three coins, the left fingers secure the hidden coin and take it along with the others.

TUNE IN A NEW RADIO HIT! "The Magic Detective," featuring Blackstone, world famous magician, every Tuesday, Thursday and Saturday, 6:30 pm, over station WJR. Mystery—Magic—Thrill!

Only ALTES Lager

HAS THAT AGED-IN, SEALED-IN FLAVOR!

Dark Days Ahead

"The darkest, the most anxious and the most hopeful event in the history of the world is about to take place. I can't dwell upon it today on this Memorial Day of 1944, the allied armies, navies and air forces are at home about to enter upon a period of combat and suffering and prayer such as humans have never fought and suffered and prayed before. My soul gazed across that Channel but was afraid to go on. Hitler, the insane man, dashed with victory, dared not. Our generals and their armies, in which there doubtless are men from Birmingham, have said "All is ready. Bugler, blow the charge!"
