Earl Debus Is Given Columbia University Aviation Scholarship

Earl Debus, of Birmingham, and teacher of chemistry and pre-flight aviation at the Pershing high school, Detroit, has been awarded one of the five one hundred dollar scholarships for summer study of educational materials dealing with the age of flight at Teachers' College, Columbia University, Dr. S. Ralph Powers, head of the Department of Natural Sciences, announced today. Mr. Debus won the scholarship, which is offered by Teachers' College in cooperation with United Airlines, in competition with science teachers, principals and educators from 25 key cities throughout the country.

The purpose of the scholarship, Dr. Powers explained, is to help grade and high school teachers prepare aviation instruction materials and to assist college students and instructors to pursue research work contributing to the advancement of aviation education. Mr. Debus received his B. S. from Wayne University and his M. A. from the University of Michigan.

Citizens League In Annual Session

"The farm organizations are justly proud of their having gotten the 15-mill tax limitation on the statute books" said Howard Wilson, one of Oakland county's really successful tenant farmers at the annual meeting of the Oakland Citizens League held recently at the Community House.

This remark brought out questions from listeners to the symposium on "Farmer, Consumer and War" in which Mr. Wilson, Walter Cook, president of the Oakland County War Board, Fred Beckman, head of the Pontiac Production Credit Corp., and Karl Bailey, county agricultural agent, participated. All but Bailey are actively engaged in farming as well as carrying on these other duties. Mr. Beckman explained why the farm organizations are proud of this and other accomplishments.

The feeling seemed obvious that there is some merit in limitation of property taxes provided a way is found to raise sufficient money for schools, etc., from all citizens, rather than from the property owners alone.

In answer to Mr. Bailey's question: "How well are we going to eat?" Walter Cook explained the theories of scarcity and plenty and how in spite of such policies as the ever normal granary the nation is right now faced with the prospect of serious feed shortages.

Six new directors named at the business session include George D. Miller, Birmingham; S. V. Norton, Bloomfield Hills; Clarence Kimball, Royal Oak; Edgar F. Down and H. L. Stanton, Pleasant Ridge, and Mrs. Mallory Stickney, Clarkston.

A school near Price, Utah, for prospective mine workers is the first of its kind in the history of mining and is part of the War Manpower Commission's contribution to the nationwide effort to increase fuel production.

Chester and Willets Streets

"God the Only Cause and Creator" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, June 4.

The Golden Text (Jeremiah 10:16) is: "He is the former of all things, and Israel is the rod of his inheritance: The Lord of hosts is his name."

Among the Bible citations is this passage (Ps. 104:24): "O Lord, how manifold are thy works! in wisdom hast thou made them all: the earth is full of thy riches."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 262): "Divine Mind is thy only cause or Principle of existence. Cause does not exist in matter, in mortal mind, or in physical forms."

Program Ready For Annual Swing-Out For Graduating Class

By Jean Eddy

The program for the swing-out program for the graduating seniors to be given Friday, June 2, in Baldwin auditorium has just been completed.

The general chairman is Nancy Neumann, with Patty Peabody, Nancy Tobey, and Wally Roy assisting her. The senior advisers, Miss Ruth Hull, Miss Gerda Hansen, Miss Bertha Robertson, Miss Lucille Dewar, and W. S. Toothacker are assisting. The script was written by Abbie Stoll and Joan Sappington.

The program will consist of a dialogue between two soldiers, Bob Hart and Ernie Chritton, recalling their school days, with skits by the seniors to portray the high spots.

The first skit on the program will be a kindergarten scene, with Jackie Buck as teacher. Marge Plumstead and Phyllis Moore will sing "Mean to Me" and Wanita Guertiser "Would You," accompanied by Louise Cunningham. "Brother Bill" will be sung by Anne Halladay, Nan MacQueen, and Mary Mead.

The second scene from school days will be dancing school, with Mary Jane Bell as teacher. This will be followed by a novelty number by Ed Brungraber and Dick Beals.

An English class will be portrayed, with Louise Cunningham as teacher. The next scene will be a Baldwin study hall.

In a boiler room scene, the men faculty members will be imitated by several of the boys. Following this will be a song by Frank Sinatra, (impersonated by Jack Patterson), and an accordion solo by Howard Littleson.

Taken from the entertainment at the senior dinner, a German band and a ballet dance by the boys will be given. The last scene will be a football locker room scene, followed by a dance by Nancy Neumann and Carol Smith. The program will end with "Auld Lang Syne" sung by the entire audience.

INTRAMURAL IS OVER

The intramural baseball season at Baldwin ended Monday with homeroom 1 winning the championship game from homeroom 4, by a score of 7-1. Homeroom 1 is a senior homeroom. The members of the winning team were Al Larsen, Paul Pack, George Ely, Harold Kelley, J. Ronald Jones, Ed Brungraber, Bud Chritton, Bob Salfeld, Bill Toothacker, Howard Littleson, and Dick Dunn.

STATE OF MICHIGAN — The Probate Court for the County of Oakland.

At a session of said Court, held at the Probate Office in the City of Pontiac in said County on the 22nd day of May, A. D. 1944.

Present, Hon. Arthur E. Moore, Judge of Probate.

In the Matter of the Estate of Lillie M. Long, Deceased.

Tressa Robbins, executrix of said estate, having filed in said court a petition praying that the time for the presentation of claims against said estate be limited and that a time and place be appointed to receive, examine and adjust all claims and demands against said deceased by and before said court.

It is Ordered, that two months from this date be allowed for creditors to present claims against said estate;

It is Further Ordered, that the 7th day of August, 1944, at nine o'clock in the forenoon, at said probate office, be and is hereby appointed for the examination and adjustment of all claims against said deceased.

ARTHUR E. MOORE,
Judge of Probate.

Oliver H. Kirk,
Attorney at Law,
Wabeek Building,
Birmingham, Michigan.

RATIONING AT A GLANCE

Meats, Fats—Red stamps A8 through T8 good indefinitely.

Processed Foods—Blue stamps A8 through Q8 good indefinitely.

Sugar—Sugar stamps 30 and 31, each good for five pounds indefinitely. Sugar stamp 40, good for five pounds of canning sugar through February, next year.

Gasoline—In 17 East Coast states, A-10 coupons, good through August 8. In states outside the East Coast area, A-11 coupons, good through June 21.

Fuel Oil—Period 4 and 5 coupons, good through September 30.

Shoes—Airplane stamps 1 and 2 good indefinitely.

Sugar for Home Canning

Sugar consumers may apply for their 1944 home canning allotment in two periods, the Office of Price Administration reports. In each period, users may obtain up to 10 pounds of sugar per person in addition to five pounds available with sugar stamp 40 in War Ration Book 4. Persons not applying in the first period, but who need sugar in the second period, may obtain up to their full 20-pounds-per-person allowance if the application justifies that total.

GAS IS ON THE... FRONT PRODUCTION LINE

Powerful weapons, toughened by GAS
Wholesome food, cooked with GAS

You see, GAS is doubly essential these days. In your home, gas is as much needed now as ever. And it's a "must" fuel in Michigan's rushed war plants. Wherever controlled, efficient heat is needed, there the clean, hot, blue flame of gas does its job . . . quietly, efficiently, economically. That is why war plants in this area are using GAS by the millions of cubic feet in the preparation of metals and materials of war.

The MAGIC FLAME will COOL and HEAT Your Home of TOMORROW

Ideal indoor atmosphere by means of a gas year-round air conditioner awaits the home-owner after the war. This new unit will be on the market when production of gas equipment for the home can be resumed.

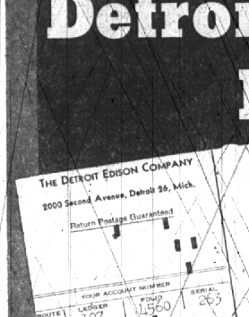
The entire operation of the unit from summer to winter and from winter to summer can be controlled from a wall-mounted thermostat with three toggle switches, which allow the user to choose HEATING, COOLING, or VENTILATION as he wishes.

GAS THE FLAME THAT WILL BRIGHTEN YOUR FUTURE

GAS IS VITAL WAR FUEL . . . DON'T WASTE IT!

CONSUMERS POWER COMPANY

Your Next Detroit Edison Bill



—will look like this

SIMPLE, CONVENIENT, PRACTICAL

SAVES PAPER, MANPOWER, TRANSPORTATION

YOUR Edison bill will soon begin to come to you in post card form.

It will be simpler—easier to read—a convenient size—and more practical in several ways. It will be small enough to slip into your pocket. With all its advantages, it will also help the war effort.

For one thing, the new bill will save paper. Envelopes are eliminated, and this saves 25,544 pounds of paper a year. In addition, the new post card bill will save manpower and transportation.

This is a wartime emergency measure. But we are sure you will like the new bill for its own good features—even without the paper and manpower saving it makes possible. It is a good method that has been tested and proved. People like it.

We believe you will, too.

THE DETROIT EDISON COMPANY
