DOES God empower human, temporary heads of government? Why are vast numbers of unlived lives OR are they too, puppets controlled by cunning unhuman who befuddle restless, unemployed humanity which must be destroyed, periodically to take away the economic and financial manipulations? THE American Meat Institute proposes that rationing be removed altogether from beef. One argument the Institute apparently overlooked is that forking over ration points and money too places the harried housewife in double jeopardy for a bum steer, and that is illegal.

The battle for the World is on!

NOW THAT the chips are down . . . now that our men are writing decisive history with their blood . . .

There can be no halfway measures for us.

The greatest battle in the history of the world *must* be matched by the greatest war loan in the history of the world.

That's what Uncle Sam says . . . the same Uncle Sam for whom your brothers and sweethearts and husbands are fighting and dying this very minute.

They, in the front lines, are throwing in everything they have.

We, behind the lines, must do the same.

Remember, this is the battle for the WORLD. Our world. And we've got to win it. That's why Uncle Sam expects every dollar, like every soldier, to do its duty.

• But this Fifth War Loan over . . . buy more War Bonds than you think you can!
