**Connie Adams Named Captain of Ball Team At Annual Banquet Thursday**  
The annual banquet for Baldwin high school's baseball squad was held at the Masonic Temple, Thursday, June 1st.  
Dr. Dwight B. Ireland delivered a short address and stressed the importance of sports in school in spite of the uncertainty of things in general in the present war situation because it is necessary to have such an interest in maintain balance in daily living. He urged the boys to budget their time in the future so that there will be some time allotted for this type of relaxation as it tends to lead folks into greater mental accomplishment. He felt the boys in Birmingham have had an unsuccessful season in baseball they had acquired the necessary characteristic of stick-to-it-iveness which is essential whether the boys go on to college or enter other careers. Ireland advised the boys to stick to their jobs wherever and whatever it is because they have the mental capacity to do so, and he wished them success. He especially requested that when they come back to Birmingham, whether it be from the service of their country or otherwise, that they make an effort to visit Baldwin high school and the members of the faculty, as the teachers appreciate the contacts that these boys make with them after leaving high school. His final advice was for them to carry on the good sportsmanship and balance work and play.

**Baldwin Misses Another Track Win In Relays**  
By TOM ALLEN  
With the issue undecided until the final jump of the broad jump, Trenton won the 100 yd. relay, Wayne Relays to hand Birmingham its first setback in the 11 year history of the meet.

**Baldwin Misses Another Track Win In Relays**  
By TOM ALLEN  
The Maples, disqualified in the medley relay for illegal baton passing, entered the broad jump, last event of the meet, with a scant 1/4 of a point margin. Until Trenton's Bob LaBelle made his final jump Birmingham held first and second in this event and Trenton had third and fourth. However LaBelle won 19' 2 1/2" in final jump to top Pat O'Connor's leap of 19' 1" and give his team a one point edge in this event and a victory in the meet by a score of 29 1/2 to 28 1/2.

**Baldwin Misses Another Track Win In Relays**  
By TOM ALLEN  
In the high jump Birmingham's Mel Boomer tied with Trenton's Ankeny and Malone for first place. The speaker's table was in maroon and white centered with a pottery bowl of dark red and white peonies.

**GAS toughens our SHELLS**  
Every one of the millions of shells which are being turned out by our war plants is heat treated to "toughen" it. Much of this vital heat-treating process is done in high automatic GAS furnaces. Yes, ladies, the same clean blue flame that is used to cook those tempting, tender steaks also makes metals tough. That is why more and more gas is needed in our war plants. That is why Uncle Sam asks everyone to use it wisely and sparingly. GAS IS AN IMPORTANT WAR FUEL - DON'T WASTE IT IN YOUR HOME!  
GAS is on the front production line. It is helping to bring the day of victory sooner by aiding in turning out more and better fighting equipment for our men. This silent, dependable blue flame will also work just as hard to make your home and your life more enjoyable as soon as this war is won.
