### On the Beam

This is the flight control room at La Guardia Field, N. Y., where the course of every flight in that area—hundreds daily—is followed on a map, a marker moving magnetically along the plane's course according to the speed of the plane. Knowing at every moment exactly where each aircraft is helps to avoid accidents. Maj. Raymond S. Talbot of Hampton, Va., is shown at the map. Seated, left to right, are Lieut. John S. Thome of Covington, Ky., and Elmer J. Schmalz of Minneapolis, Minn., who gather information on weather, traffic, and field conditions.

**Unbleached Textiles**—Due to increased need for bleaching agents in the manufacture of gasolene, textile products will soon be marketed unbleached or dyed.

### Oakland County's Victory Gardeners Are to Hear Talks

The Oakland County Victory Garden Committee is again sponsoring a series of radio programs for the assistance of gardeners in this area. Isabel M. Grunau, vice-chairman of the committee, will conduct this series, which will be heard over Station WCAR (1130 kilocycles) at 12:45 p. m. on Tuesdays and Fridays.

The schedule for the programs during May is as follows: Friday, May 5, small fruits and perennial planting in the Victory Garden.

Tuesday, May 9, soil preparation and conservation.

Friday, May 12, the early vegetable crops.

Tuesday, May 16, crops for the second planting date.

Friday, May 19, successful cropping means increased production.

Tuesday, May 23, preparing for the early insect invasion.

Friday, May 26, tender crops that require transplanting.

**NAMED ON TAX BOARD**—E. Clyde Hubart, Royal Oak, and Arthur G. Nichol, Pontiac, have been appointed lay members of the Oakland County Tax Allocation Commission by Probate Judge Arthur E. Moore. Both served on the commission last year. The appointment is for this year. Other members who serve by reason of their official positions are: E. J. Leddy, county superintendent of schools; Robert V. Moore, county auditor; and Charles A. Sparks, county treasurer.

**NEW SALVAGE SECRETARY**—Appointment of Joseph W. Ramsey, of Saginaw, as executive secretary of the state salvage committee of the Michigan Office of Civilian Defense, is announced by Capt. Donald S. Leonard, State OCD Director. Ramsey succeeds John D. McGillis, recently named executive officer of the Detroit Regional Office of the War Production Board.

**Saving Time**—A business man went into the barber shop and, seeing himself in the chair, said: "Cut the whole three short."

"What do you mean?" asked the barber.

"Hair, whiskers, and chatter," was the reply.

IT'S A *big wash* for the duration...

### give your electric washer this PREFERRED TREATMENT

To help your washer stand up under the big load it faces for the duration, keep in mind these few simple rules:

- (1) Drain washer and rinse tub thoroughly after each washing. Remove agitator or suction cups and rinse.
- (2) Wipe dry with a soft cloth to remove any soap curd or lint that may remain. If your washer has a spinner dryer, this too should be cleaned, rinsed and wiped dry.
- (3) Don't try to force thick, bulky articles through your wringer—and especially don't run through belt buckles or other hard objects that might cut the rolls. They are rubber, and precious!
- (4) Release the pressure on wringer when not in use. This saves the spring and the rubber, and prevents the rolls from becoming flat on one side.
- (5) Don't overload your washer. Cramping in too big a wash simply puts a strain on the motor, and results in a less satisfactory job.
- (6) When you finish washing, dry the wringer thoroughly, also dry the connecting cord and wind it up carefully. Leave cover off washer to prevent it from becoming musty.
