

# HE'S FIGHTING FOR YOU!

## Are You Helping Him?

He hasn't time to stop and ask you to watch out for those he left behind. He believes you are seeing to it that the children, the aged, the needy are getting the care he and you always gave them through our Community Fund. You can justify his trust in you — and MORE by giving to the WAR FUND NOW.

### For His Wife

She must have someone to turn to in time of stress and need. That someone is Family Service—until her husband returns. Give—give generously to the WAR FUND!

### For His Daughter

Will her Daddy come home to a happy, healthy little girl? Child Welfare can see to it that he does—if you give generously to the WAR FUND!

### For His Little Son

The little son he has never seen, needs proper child care while his Mother does her war job! The Day Nursery Service will give it to him—if you will dig down deep and give to the WAR FUND!

AND more — Yes, giving now to your Community War Fund means that your gift dollars will do more than they have ever done before. Because not only are you helping the children, the aged and the needy here on the home front — you are helping young Americans in service — here and abroad — you are helping our plague-stricken Allies.

By giving generously to your Community War Fund you provide the means by which the Family and Child Welfare, Hospital and Clinic Services, USO, United Seamen's Service, War Prisoner's Aid—and to mention only a few—Russian War Relief and United China Relief can carry on the wonderful work they are doing.

These are pressing needs. Your help is needed—desperately needed to give helping hands to soldiers—their families—our allies. Only by your generous contributions can the work of the agencies be carried on. You only give once to help them all. So give generously to . . .

## Oakland County United War Fund

A DIVISION OF THE NATIONAL WAR FUND

### For Him

Greatest morale builder in the service is the USO entertainment. Help them to carry on the wonderful job they're doing for our boys! Give to the WAR FUND!

### For Our Allies

Britain, France, Russia know the ruthlessness of this bloody war! Can we fail war victims in these countries—and others—which have borne the brunt of the fight? Open your heart and give generously to the WAR FUND!

### For His Family

His Mother has taken ill! Relieve him of strain and worry. Visiting nurse and hospital service will take care of her if you provide the dollars. Give—give generously to the NATIONAL WAR FUND.
