If your address has just become Birmingham or Bloomfield Hills or Franklin Village

HAVE you just moved to this area? We hope you will like it. We came in 1926, have never regretted it, and feel now as we did then that one would have to travel far to find a region which would be comparable.

It is always a particular pleasure to meet newcomers, and we are always glad that they visit our Shop so soon after arriving; indeed, it is frequent that on their first visit they find here those things which help considerably toward making their new house a home with the least delay.
