

Craft Classes at Playgrounds Prove Popular With Many School Children Taking Part

This past week has been a busy one for the playgrounds. Wednesday, the Pierce School children took a very enjoyable hike. The hot weather did not seem to bother them a bit.

Quarter School children had a picnic lunch Thursday at Springdale Park. Several parents provided the transportation and also ice cream and drinks.

Handicraft work in all its phases still holds the interest of the children in all the playgrounds.

The girls' Craft class at Barnum school is proving very popular. The attendance is good but Mrs. Andrew Watson and her assistant, Mary La Brungauer, can take care of a lot more girls.

The first week was spent in paper printing, making paper napkins, buttons and small wooden writing pads. When the class closes many of the articles made will be on display in the window of the Indian Craft and Gift Shop.

The class meets at the Barnum School, from one to three Mondays through Fridays.

A Fine Future FOR

Returned Servicemen!

RIGHT HERE in Birmingham there's an excellent opportunity for Veterans who want an outstanding business career plus stability when they resume civilian life.

Birmingham's active growth in the years immediately ahead is assured. Everyone in congested areas envies Birmingham residents for the attractive community they live in. We Snyder, Buck & Bennett, Inc.—have kept pace with Birmingham, and as a consequence have extensive plans for expansion in line with the needs of this rapidly growing residential area.

Awareness of this anticipated growth is confirmed by postal plans now ready for execution prepared by all three public utility companies. What they think of the development in store for Birmingham-Bloomfield is a matter of record. Birmingham's forward-looking Board of Education likewise has planned enlarged school facilities. Several of the community churches are currently studying new building programs.

Veterans with a vision and ambition can secure a permanent position with our organization where individual initiative and income possibilities are generous and unrestricted. If a "professional" career and "freedom" to work appeals to you, come in, and see us for a friendly and more detailed explanation of our interesting business.
