IN THE HOUR OF TRIUMPH

★ ★ ★

Behind us lie 3 1/2 years of deadly struggle in which, with God's help, we have prevailed. So, today, we celebrate a victory.

After the celebration, what lies ahead?

For most of us, the outlook is a bright one. If we will simply use the brains, the will, the energy, the enterprise . . . the materials and resources . . . with which we won our war, we can't fail to win the peace and to make this the richest, happiest land the world has known.

For most of us, the years ahead are bright with promise. But for others of us—and, ironically enough, their part in bringing victory was a major one—the years to come must bear a different look.

In America today are hundreds of thousands of injured men. Men with neatly pinned-up sleeves and trousers. Blinded men. Men with clever iron hooks instead of hands. Worst of all, men with hurt and darkened minds.

These men need our help. Helping them will cost a great deal of money. We can help them best by buying Victory Bonds.

Far away from America today are millions of Americans. As we would be, they're on fire to get back—to their wives, to the children some of them have never seen, to their jobs.

These men need our help. Helping them will cost a great deal of money. We can help them best by buying Victory Bonds.

This is our day of triumph. But it's theirs, too—the injured men, the men who are still far away.

Let's not forget them, in our just rejoicing. And the one way we can help most to care for our wounded . . . to bring our veterans home . . . to give them a fresh start in the country they fought for . . . to care for the families of those who died before the victory was won . . . is simply this:

Buy all the Bonds you can. Keep all the Bonds you buy.

VICTORY BONDS — *to have and to hold*
