HAULING SUPPLIES for FIGHT

YOU ARE NEEDED AT GMC TRUCK & COACH TO HELP BUILD THE ARMY'S NO. 1 TRANSPORT TRUCK

GMC "six-by-sixes," thousands strong, are supporting American soldiers on fighting fronts from Luzon to Luxemburg. Like the GMC in the photo above, they are hauling huge loads of vital supplies right up to battle line dumps. Because it takes a ton of food and fighting equipment every month for every one of the millions of men overseas, the job of supply is a tremendous undertaking. However, the GMC military truck is built to "take it" and is "delivering the goods" through mud, mire and shellfire. Today, our front line Generals are calling for more of these famous trucks .. and GMC Truck & Coach is calling for men in the Pontiac area to apply for a job and help "deliver the GMCs."

GET A WAR JOB and Stay on the Job

Victory depends on everyone, every day. Lost time puts a brake on America's final drive for Victory. Whether you're working at GMC or on some other war job, stay on it every minute. Under war conditions, this is tough—but war is never easy. Reduce absenteeism and make time work for us—not the Axis.
