ELECTRIC LIVING

Have you ever stopped to think how many of your conforts depend on electricity? And many new electric devices are promised for after the war. In addition to your electric refrigerator, washer, vacuum cleaner, radio, range and many other electric servants that make life easier now, there will be television, PM radio, fluorescent lighting, air conditioning, frozen food storinge, automatic laundries and electric water heating. Money invested in War Bonds now will be available later to pay for postwar helps to easier living.

SUGAR SAVER No sugar—and very little shortening—is used in this recipe from our Home Service Department:

up yellow corn meal 2 tsp. salt 1 cake yeast 1 cake yeast

2 cup measures stitle one meal very slowly into boiling water, stirring constantly. Boil five minutes, add shortening molasses and saft. Cool. When tukewarm, add the yeast, which has been softened in ½ cup of lukewarm water. Add the flour for a stiff dough. Knead well and let rise until double in bulk. Shape into two loaves, place in well greased loaf pans, let rise until double in bulk again. Bake for one hour in preheated oven a 350° P.

SABOTAGE BY WEATHER Rain, sunlight heat cold and corrosive atmosphere are all enemies of outdoor electric squipment. Our fight against the elements is endless posing anany problems to our cessarch engineers. The windows or outdoor meters become obscured with 5 film that xon's wash off wood poles rot internally painted surfaces crack peel and become chalky pole time hardware is eaten by corrosive gases in the air. The search never ends for better internals and, butter protective coatings to lengthen terials and better protective coatings to lengthen tife of equipment exposed to the weather.

KITCHEN CRAFT KITCHEN CRAFT Bgg yolks or egg whites will stay in good condition several days if you keep them in the refrigerator in a tightly covered glass jar.
