

Men in Service

Editor's Note—Men in the armed forces, and parents, are invited to send us news of the boys' whereabouts and activities. Service men scattered about the country are hungry for news of their friends. Even the address of a newly-placed inpatient man is of interest.

TRAIN AS PILOTS
SAN ANTONIO AVIATION CADET CENTER, Texas.—At the San Antonio Aviation Cadet Center, potential pilots, bombardiers and navigators are receiving preflight training to prepare them for aerial instruction in the Army Air Forces. Cadets in the present class from Michigan include: Gordon Mitchell Hacker, 248 East Long Lake road, Birmingham, and Stephen Farr Booth, Cranbrook road, Bloomfield Hills.

FINISHES MARINE TRAINING
CAMP PENDLETON, Ocean side, Calif.—Marine Private Robert David Mann, USMC (944804), of 5110 Daniels, Route 2, Birmingham, Mich., has been graduated from the Infantry and Browning Automatic Rifle Section School, training command here. William Maho, born April 24, 1920, at Toledo, Ohio, attended Lawson Mitchell Hacker, his school. He operates his own air conditioning business before entering the Marine Corps May 8, 1944, at Detroit, Mich. His

wife, the former Helen Protasiewicz, and their daughter, Barbara Jean, 3 1/2, reside at 5110 Daniels, route 2, Birmingham, Mich.

IS HOSPITAL CORPSMAN
CAMP PENDLETON, Ocean side, Calif.—142 Thomas C. Tucker, USMC (862-06-68), son of Edwin Tucker of 1690 Berchshire street, Birmingham, Mich., has been graduated from the training command field medical school for hospital corpsmen, HA 1-C Tucker, born June 3, 1924, in New York, N. Y., graduated from Cranbrook high school in Birmingham, Mich., in 1943. He was a student prior to enlisting in the Navy, attending William College in Williamstown, Mass., for one semester.

Cpl. Ronald Hall in a recent letter to his parents, Mr. and Mrs. Herbert C. Hall, of Cranbrook, relates that he and his buddy donated a German FP 109 with a 50 caliber machine gun recently. Cpl. Hall, who has been overseas since the middle of October, wears the Distinguished Flying Cross and an Expert Marksmen award.

HE WINS PROMOTION

DETROIT EDISON CO. LIGHTS

Timely items of interest and value. Helpful suggestions about cooking, lighting and appliance use.

LIGHT FOR HOMEWORK. Has your boy or girl a good table lamp for studying and homework? In the dark winter months, when youngsters spend a good deal of time poring over books, eyesight protection is doubly important. Be sure your child has plenty of good, diffused light, free from glare and harsh shadows. A suitable reading lamp should have no less than a 100-watt bulb, properly shaded.

OVEN DAINTIES.

For doubly tasty home-baked cookies, follow this welcome recipe from our Home Service Department:

Cherry Cookies

1/2 cup shortening	1 tbsp. lemon juice
1 cup sugar	1 cup cake flour
1 egg yolk	1 tsp. salt
1/2 tsp. vanilla	1 tsp. top. salt
1 tbsp. grated orange rind	1/2 cup finely chopped nuts

Cream the shortening, add sugar gradually and the egg yolk. Beat thoroughly. Add the vanilla, orange rind, lemon juice, flour and salt. Chill until firm. Melt into small balls. Beat egg white slightly, dip dough into the egg white and roll in chopped nuts. Arrange on a greased cookie sheet and press a slice of cherry in each cookie. Bake in preheated oven. Time, 20 minutes. Temperature, 350° F.

QUARTER OF A MILLION SIGNS.

It's hard enough in the city to find a particular address when the houses are not numbered. But it's doubly bad in the country, where sometimes even the roads are nameless. Detroit Edison has been working since 1931 to help county and municipal authorities label roads and houses. To date we have numbered 205,000 houses and placed 46,000 road signs. Of course, this work helps us directly in locating customers, so our efforts do not go unrewarded.

ELECTRIC RANGE OWNERS.

Do you know that the spottish white electric range in your kitchen is a "coal burner"? It's true... it burns coal in a Detroit Edison power house, miles away. In these days of critical fuel shortages, the Government asks everyone to save electricity to save coal. You can conserve coal by proper use of your electric range. Make thrifty use of the deep-wet cooler, plan more "all-in-one" oven meals, turn the switch to LOW heat after foods have come to a boil.
