

THE S... and THA... By G. R. A.

Kim Siger Is Doing a Grand Job For Michigan... Just what kind of a chap is this Kim Siger...

For a year and a half you have been reading newspaper stories of the various cases that have been conducted...

I've known Mr. Siger for over 15 years. I came from Ann Arbor in 1937 I traveled to Europe in the same ship with him...

There is about the belief of all reporters that have been with Siger during the past year...

Good in All Phases... Siger is expert in all phases of a trial; he is equally good at cross examination...

And, to top it all off, Kim Siger is a man of high character...

By this time, folks, maybe you are thinking that I'm Kim's personal relation...

Well, I'll admit I like and admire him, but there are lots of other fine business men...

Incidentally, his staff knows no regular hour—sometimes they work into the night...

There is the work of conducting the Grand Jury, from which indictments are returned...

Well, the result of my breakfast that morning found me at Mason where Kim was in his second day of trial...

Siger's arguments to the jury were of a high order...

Siger is considered by reporters as a man who followed him (as he should) in his career...

For, as the indications thus far reflected already have proved, there have been plenty of grand jurors (See THIS AND THAT, Page 2.)

Heads Adcraft Dr. Ireland President of Rotary Club

Dr. Dwight B. Ireland, who assumes his office as president of the Birmingham Rotary club on July 1...
