### No More Proud Sight

ALL THE WORLD looks to The American Flag as the symbol of freedom from oppression and a guarantee that peace and righteousness shall prevail. This official insignia of the mighty Seventh War Loan, shows the raising of the flag on Iwo Jima by U. S. Marines. It is the picture that has been more widely used than any in this war, proceeds of which the AP donated to service relief.

### Peace Depends On Unselfishness Say Christian Scientists

Lasting world peace has its roots in the permanency of divine laws and cannot be expected to rise from the foundations of selfish desires and aims. The Christian Science Board of Directors told the annual meeting of The Mother Church, the First Church of Christ, Scientist, in Boston, today.

Commenting the effects of the California peace conference to evade a practical basis upon which nations might outlaw war for all time, the Directors pointed out that such efforts would be successful insofar as they reflect the operation of God's government in human affairs.

The Directors' message featured the fourth annual gathering of Christian Scientists to be held under the restrictions of wartime travel. The audience reflected the desire of the Directors that Mother Church members living beyond the 50-mile area of Boston should be able to attend in person, and remain at home this year.

Highlighting the meeting was the election of Mrs. Myrtle Holm Smith of Waban, Massachusetts, as President of The Mother Church for the ensuing year, succeeding Pauline Seeley, and the reelection of Roy Garrett Watson, Treasurer, and Mary G. Ewmp, Clerk.

Approve Peace Meas' Christian Scientists heartily concur in the purpose of peace conferences and representatives in California to find ways and means to prevent war, the Directors stated. They thought any qualities which would work against, rather than for the peace of the individual, and therefore of the world, "in this way the Directors indicated that world peace stems from the individual overcoming of human faults."

"In order to keep one's spiritual understanding clear there must be deep concentration in thought and deed to the government of divine Principle. There can be no lasting peace where selfishness reigns. Therefore, it is to those who base their thoughts upon God's laws that the present global problems can be solved and a lasting peace attained."

The Directors stated that membership in The Mother Church was now four times greater than it was 35 years ago. There is a growing awareness they said, of the need for "unselfish service to God and His law. Without frankness and honesty in the world, they added, there is no steadiness and no rest."
