

NEW Floor Cleaner

Removes Spots, Dirt, Heel Marks Instantly

This amazing new cleaner beautifies and protects wood floors and linoleum! Quick, easy, effective—developed by E. L. Bruce Co., world's largest maker of hardwood floors!

Entirely different, Bruce Floor Cleaner contains no water, soap or abrasives to harm the finest finish... does the job safely, instantly. Removes the stubbornest dirt, stains, unsightly rubber heel marks like magic. Then, its wax base forms a lustrous coating that really protects, and increases the life and beauty of your wood floors and linoleum.

It's downright dangerous to scrub your wood floors... because old-fashioned soap and water methods will raise the grain, darken the wood, discolor the finish—and may even cause rotting or splintering of the floor.

No more drudgery. Bruce Floor Cleaner ends the drudgery of cleaning wood floors and linoleum. All you do is apply it to the floor—and then easily wipe away dirt and stains! That's all there is to it—no hard scrubbing, no tiring effort, get to work amazing Bruce Floor Cleaner today... and you'll never scrub again... ever! **68c**

Turn's terms of interest and value... helps suggestions about cooking, lighting and appliance use.

DUST CHASER... Women will welcome word of an electrical device that removes dust and smoke from the air, promising less frequent need of nosecleaning after the war. Electrically charged plates are installed in the air-duct of the heating system. These plates collect dust particles in much the same way that a magnet attracts bits of metal. Smoke, dust and dirt are precipitated on the plates, leaving the air clean and pure.

Saving electricity saves coal, transport and manpower

EASTER BASKET... Children love this novel cake recipe suggested by our Home Service Department:

Individual Easter Baskets

Follow recipe for your favorite yellow cake. Bake cake in a large shallow pan. Cut cake when cool into oblong pieces four inches long and 2 1/2 inches wide. Hollow out the center of each piece of cake so that it will resemble a basket. (Be sure to leave a quarter-inch edge around the basket. You will find that the cakes will then be easier to frost.) Frost each of the cake baskets with your favorite white icing. Roll baskets in coconut that has been tinted a delicate yellow. Make handles for the baskets from strips of angelica, candied orange peel or fresh orange peel. Fill with varicolored fruit balls or candy Easter eggs.

TURNOVER... "A good company to work for," our employees often say of us—a sincere tribute that we value highly. Their opinion is reflected in the small labor turnover figure for Detroit, Edison, Turnover averaged only 1.2 per cent per month, during 1944, this despite keen competition from other war industries for the services of our men and women.

KITCHEN CRAFT... Sandwiches will keep their original freshness if you place them in the crisper drawer of your refrigerator. You needn't wrap them.

Don't waste electricity! Conserving it saves coal!
