DETOIT EDISON
Timely items of interest and helpful suggestions about cooking, lighting and appliance use.

ONE FOR ALL... Mr. Jones lives in a trailer. Mr. Smith owns a cottage. And Mr. Clark dwells in a mansion. But Detroit Edison furnishes all of them with exactly the same dependable electric service. Nobody can buy an "exclusive" grade, for all are provided with the same high quality—the best we can provide. And while most other living costs have been going up, residential electricity hasn't advanced a penny in price since the war began.
Don't waste electricity! Conserving it saves coal.

BAKED OYSTERS WITH SPAGHETTI
1/2 pound spaghetti
1 pint oysters
Salt and pepper
1 cup bread crumbs
1/2 cup melted fat
1 1/2 cups milk
2 lbs. flour
2 lbs. butter or other fat
Cook spaghetti as directed on package. Scald the oysters in their own liquor, reserving the liquor. Put a baking dish, put in a layer of the spaghetti and then a layer of the oysters, season with salt and pepper, and repeat the layers until all the oysters and spaghetti are used finishing with a layer of spaghetti. To the liquor from the oysters, add enough milk to make a pint, reserving a small quantity to mix with the flour. Scald the remainder and the scalded milk to the moistened flour, stir well and simmer 20 minutes. Add the melted fat and pour over the layers in the dish. Top with bread crumbs mixed with melted fat, and bake in a hot oven (400-450° F.) just long enough to brown the crumbs, about ten minutes.

SERVANTS' ENTRANCE... The electric outlet on your wall is a "servants' entrance," providing many extra helping hands that save you time and lighten housework whenever you plug in your electric appliances. But you can't make efficient use of all the servants if there are not enough outlets in your home. Remember the extra demands of postwar electric living when you plan to remodel or build a new home.
Saving electricity saves coal, transport and manpower.

KITCHEN CRAFT... To delay the rusting of pans, grease all new pans and put them in a warm oven before using.
