Larger Packages May Now Be Sent Overseas

In order to allow the mailing to civilians in foreign countries of parcels containing badly needed articles such as overcoats, blankets, and other bulky articles, the restrictions of order No. 17471 of April 20, 1942, limiting the size to 18 inches in length and 42 inches in combined length and girth, have been modified.

The normal dimensional limits prescribed in the current official Postal Guide will apply to all mail (including parcel post) addressed to civilians in foreign countries to which mail service has been resumed.

This is 42 inches in length and 72 inches in combined length and girth.

ORDINANCE NUMBER 319
FUMIGATING ORDINANCE
CITY OF BIRMINGHAM

AN ORDINANCE TO CONTROL THE EXTERMINATION OF HOUSEHOLD PESTS AND THE FUMIGATION OF BUILDINGS.

The City of Birmingham Ordains:

Section 1. No person, firm or corporation shall engage in the extermination of household pests within a building or in the fumigation of buildings or parts thereof in the City of Birmingham by processes involving the use of any poisonous or injurious gas or other injurious substance without having first obtained a license therefor from the City Clerk, hereinafter provided, except that Section 2 and 3 of this Ordinance shall not apply to the conducting of such operations by a resident of the City of Birmingham within his own domicile.

Section 2. In order to obtain such license, each person, firm or corporation shall file with the City Clerk an application, setting forth:

(1) the full name and address of the applicant;

(2) whether the applicant is a corporation, partnership or individual;

(3) the names and addresses of the principal officers of the corporation or the names and addresses of the partners;

(4) the applicant's qualifications to engage in such operations including his training and prior experience in such operations; and

(5) a description of the processes he proposes to use including the common or the technical names of the injurious gases or substances to be used.

Such application shall be accompanied by the annual license fee of $10.00, which fee shall be refunded in the event such application is denied. No license shall be issued until the applicant shall have been examined by the Chief of the Fire Department or an employee designated by him as to the applicant's competency to perform such operations without endangering other persons, and until the application shall have been approved by the examiner.

Section 3. Before such license is issued, the applicant shall submit proof that he is covered by insurance with an insurance company authorized to do business in the State of Michigan protecting any and all persons except employees of the applicant against loss of life and/or other damage or loss resulting from any extermination or fumigating activities, such insurance to be in the sum of not less than $50,000.00 for the protection of any one person and in the sum of not less than $100,000.00 for the protection of all persons suffering loss or damage as a result of any one fumigation or extermination operation. Termination of such insurance policy during the life of any license issued under this Ordinance shall automatically revoke such license coincidently with such termination. All licenses issued hereunder shall expire on December 31st next following their issuance.

Section 4. After obtaining such license the licensee shall be permitted to engage in the operation of exterminating household pests and/or fumigating in building by means of the methods designated in such license provided he complies with the following provisions:—

(a) For each such separate operation he shall take out a permit, the application for which shall show the number and the date of expiration of the licensee's license, the location of the building in which such operation is proposed, the date and hour of commencing such operation and the type of exterminating or fumigating agent to be used. The cost of such permit shall be $1.00. Application for such permit shall be made to the Chief of the Fire Department of the City or to an employee duly designated by him and it shall be the duty of such Chief or employee to issue such permit, collect the cost thereof and see that the payment received is properly turned over to the City Treasurer. It shall also be the duty of the Chief of the Fire Department to see that all premises undergoing such operations are inspected during such operations to the end that the provisions of this Ordinance are complied with.

(b) Before exposure of the space in which the extermination of pests and/or fumigation is to be conducted, to the exterminating or fumigating agent, the licensee shall be required to do the following things:—

(1) See that all persons, domestic animals and things that are intended for human consumption, and such other things are hermetically sealed are removed from such space.

(2) Seal all openings into such space through which such agent might escape.

(3) Securely lock all openings into such space through which persons might enter such space and post prominently a substantial red placard, not less than 8"x10" in size, reading "DANGER—DO NOT ENTER" in large type at each opening.

(4) When hydrocyanic acid gas, cyanogen chloride or combinations thereof, are to be used, or when other gases or when any explosive gases are used for extermination and/or fumigation purposes, the following precautions shall be observed:—

a. All fires within said space shall be extinguished.

b. For containing the ingredients necessary in the preparation of such gases, the container used shall be fire-resistant and inert to chemical reaction with such ingredients and gases.

c. Great care shall be taken to prevent cyanide crystals or other substances injurious to human beings being spilled or left exposed where persons may come in contact with them.

d. The residue left in such containers, after completion of the operation of extermination and/or fumigation shall be disposed of by dumping into and thoroughly flushing into the sewer system.

(c) Throughout the time during which said space is being exposed to the exterminating or fumigating agent, the conditions outlined in Sec. 4 b. parr. 1, 2 and 3, and de, b and c above shall be strictly maintained and in addition thereto a guard shall be placed on the premises who shall constantly patrol outside of said space to prevent the entrance of any person or domestic animal.

(d) Upon completion of the exterminating and/or fumigating operation, the licensee or his agents shall open such openings into said space as may be necessary to thoroughly ventilate said space and remove all traces of the exterminating and/or fumigating agent provided, however, that during such ventilating operation, sufficient guards shall be maintained around the said space to prevent and shall prevent the entrance of any person except the licensee or his agent, or any domestic animal into said space until the licensee or his agent, while unprotected by any gas mask or other device for protection from injurious gases or substances, shall have entered and thoroughly inspected every room or enclosed area within said space and shall have determined all of such space to be free from injurious gases and/or other injurious substances.

(e) The licensee shall, in addition to the things hereinbefore set forth, do any and all things necessary to the end that the public shall receive the maximum protection at all times in connection with the operation hereinbefore described.

Section 5. Any person, firm or corporation violating any provision of this ordinance, shall be guilty of a misdemeanor, and upon conviction thereof, shall be punished by a fine of not to exceed $100.00, or imprisonment in the County or City Jail for not to exceed 90 days, or both such fine and imprisonment, in the discretion of the Court.

This Ordinance shall take effect immediately after the passage and upon publication thereof.

Made and passed by the Commission of the City of Birmingham this 1st day of October, A.D. 1945.

WILMER E. MOODY, Mayor
IRENE E. HANLEY, Clerk

Coming October 19-25

"Are Sin, Disease and Death Real?" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, October 14.
The Golden Text, (Isaiah 33: 20,24) is: "Look upon Zion, the city of our solemnities . . . The inhabitants shall not say, I am sick: the people that dwell therein shall be forgiven their iniquity."
Among the Bible citations is this passage (Isaiah 12:2): "Behold, God is my salvation; I will trust, and not be afraid: for the Lord JEHOVAH is my strength and my song; he also is become my salvation."
Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (459:5): "Salvation. Life, Truth and Love understood and demonstrated as supreme over all; sin, sickness, and death destroyed."

Brief text Thursday's Message

Just Move to Town?

IT always takes a little while to get settled in new surroundings. But the friendliness of this community should help make you feel "at home" very quickly.

Much of this friendliness and fellowship you'll find centered in local church life and religious activity. If you haven't as yet selected a church home for yourself and your family, we suggest that you start now to attend local churches of your faith.

It is so important to keep children, especially, under the influence and guidance of regular church school training that we hope you will lose no time in enrolling them at a church school of your or their choice. First Baptist has a complete program of worship and instruction for all children and adults. Graded classes, friendly teachers, modern equipment, cheerful rooms, beautiful sanctuary—so many things that will make the whole family want to come every Sunday. Church School at 10:00. Morning Worship at 11:00. We will be looking for you.

OLDEST RIVALS MEET

Saturday, Oct. 13, will mark the renewal of one of Michigan's oldest gridiron rivalries. On that date Wayne University will play host to Central Michigan College from Mount Pleasant in a 2:15 p. m. game to be played in the University of Detroit stadium. The two schools first met in 1919, the second year of football at Wayne or Detroit Junior College as the school was named in those days.

48,708

STATE OF MICHIGAN—The Probate Court for the County of Oakland.
At a session of said Court, held at the Probate Office in the City of Pontiac, in said County, on the 8th day of October A.D. 1945.
Present: Honorable Arthur E. Moore, Judge of Probate.
In the Matter of the Estate of S. O. Wylie Bell, Deceased.
Donald S. Bell, administrator of said estate, having filed in said court a petition praying that the time for the presentation of claims against said estate be limited and that a time and place be appointed to receive, examine and adjust all claims and demands against said deceased by and before said court.
It is Ordered, That two months from this date be allowed for creditors to present claims against said estate.
It is Further Ordered, That the seventh day of January 1946 at ten o'clock in the forenoon, at said probate office, be and is hereby appointed for the examination and adjustment of all claims against said deceased.
ARTHUR E. MOORE,
Judge of Probate.
