**RADAR AIDS RESCUE WORK**

The famed international ice patrol which employed a cutter for months on charting and tracking the southerly drift of icebergs into steamer lanes has now been outmoded by the development of Radar. Today one Coast Guard PBM using Radar can observe more of the icebergs' course in an hour than a cutter could in a week.

**Engaged Washington Scene  
Of Dorothy Dale's  
Marriage, Oct. 10**

The Puseet Sound Navy Yard chapel, Bremerton, Washington, was beautifully decorated with candelabra, white mums and glad-toll for the marriage Wednesday, Oct. 10, at 6 p. m. of Lt. (j.g.) Dorothy Dale, U.S.N.R. (W.), daughter of Mr. and Mrs. William A. Dale, of Pilgrim road, and W. O. (Lis.) George A. Willson, Jr., U.S.A., son of George A. Willson, of Lakeview, Mich. Lt. (j.g.) Robert E. Neumeyer, U.S.N.R., chaplain of the Navy Yard, read the service.

The bride, who was given in marriage by her father, wore a floor length gown of white marquisette trimmed with braid and cut with a deep V neckline. The finger-tip net veil with Juliet cap which the bride wore, belonged to Lt. (j.g.) Janet Wyse, first of the original Wave officers at the Navy yard to be married in the chapel. The bridal bouquet was of white mums, stephanotis and gardenias.

The bridesmaid, Lt. (j.g.) Dorothy E. Gates, of Seattle, wore a yellow sateen fashioned after the bride's and carried a bouquet of mums and roses in autumn shades. She wore a floral wreath to match her bouquet in her hair. The bridegroom was attended by Lt. (j.g.) Elliott H. Paulson, U.S.N.R., of Denver, Colo.

After the ceremony a reception for 50 guests was held in the new penthouse room of the Officers' Club, at which Mr. and Mrs. Dale, parents of the bride, were hosts. This was followed by a dinner party at the club for the bride and a few friends.

The newlyweds left for Cascade Ranch near Seattle, Wash., for a short honeymoon. They expect to leave soon for Camp Swift, Tex., where the groom is stationed with the 121st Evacuation Hospital.

**Here Are Things  
To Put In Boxes  
For Servicemen**

The Camp and Hospital Committee of the American Red Cross have asked the people of Birmingham to contribute Christmas Boxes again this year. This request came to the War Service Committee of the Birmingham Branch of the Women's National Farm and Garden Association. These gift boxes are for boys on remote Pacific Islands and even Tokyo.

Instead of filling the gift boxes with small items, they have asked people to choose one or two gifts, such as: bill folds, photo cases, stationery and a pencil with clip, a good shoe shine kit, a good toilet kit, a fountain pen, or a good book just off the press—it should be a current issue.

Instructions say: "No food should be included in the boxes. No cakes, cookies or candies." "Do not put in overseas boxes, just put in a Christmas box and wrap attractively." "The contents must be written on the outside of the package." Mrs. Albert J. Scribner is the chairman for this project and is asking that all of the boxes be in her hands at the Community House by 12:00 o'clock Saturday Morning, October 20th.

**for Today and Tomorrow**

Always, Michigan industries have had the know-how and—even in the pit of depression—the courage to expand and prepare. Hence, when war came Michigan could take the lead and become the "Arsenal of Democracy."

So, too, Michigan's electrical needs always have been anticipated by The Detroit Edison Company. Long before the war, orders had been placed for two 100,000-horsepower generators. One was delivered and put in operation during the war. The second is being installed and will be in operation sometime in 1946. We expect that more current, will be used for peace than was needed for war. There will be no "standing in line" for that current.

The Detroit Edison Company is ready to serve all the electrical needs of southeastern Michigan today and tomorrow.
