PINE LAKE
ON THE SHORE
A home possessing the quaint charm of yesterday coupled with modern features that make it so livable. A house by the side of the lake where tall oaks and well designed landscaping aid in completing a setting which is mellowed by walks of old brick, white lattice gateways, rambling vines and a lawn sloping to the hard sand shore at the water's edge. The distinctive personality of the owner is reflected in the living room with its white panelled fireplace opposite a mirrored wall-length library with a view of the entire length of the colorful garden and its background of well-kept green lawn bordered by the white of the low spreading servants' (or guest) quarters, hot house and garage. Invisible doorways lead from the main rooms to spacious living porches and the well equipped kitchen is fitted with a 6-plate electric stove, electric dishwasher, built-in refrigerator, wide serving shelves and a rounded Cape Cod breakfast bay.

The two bedrooms connect with a modern bath and a spacious dressing room with ceiling high cupboards and drawers. The master bedroom has a natural fireplace and its own spacious lounging porch.

The first floor powder room and shower bath and a stoker fired heating plant must be mentioned. The many other details you can see for yourself—if you hurry.
