Quonset—Answer to Housing Quandary?

One of the suggested solutions of the housing shortage is the Quonset hut, which proved so efficient for servicemen in all climates during the war. This sample, shown at Grand Rapids, Mich., is 29 by 36 feet, has living room, dining room, kitchen, two bedrooms, bathroom, floor lining, wall panels, full plumbing. Her costs under \$1000, transformation into a five-room dwelling about \$1700 more.
