

League Sponsoring Radio Broadcast

A League of Women Voters half-hour radio broadcast over the Columbia network (WJL in this vicinity) will be heard next Tuesday evening, April 23, at 10:30 p. m. An "Open Hearing" program, it will present a discussion by Dean Acheson, Under Secretary of State, of the "Acheson Report" on atomic energy, recently released by the State department.

"The League presents the program as a public service to promote grass root discussions of the international control of atomic energy by determining whether it is politically feasible and whether the American people are up to it," stated Mrs. R. S. Plexico, international relations chairman of the League in explaining the League's purpose.

Various League members throughout Birmingham and the country will serve as hostesses to discussion groups. A "Brief for Action" summarizing the report is now being printed by the national League for distribution to local League districts.
