Attention Getter

This new Paris creation of satin with navy and white stripes has a pleated skirt and unusual bodice effect. It's a Madeline Vranant model. They say it got nearly as much attention at the horses when it made its debut at a Paris race track.

Just for friendship's sake!

SOME folks just naturally seem to have the knack of always doing the right thing at the right time. And it has been our observation that among the "right things" has been the giving of Gifts for no special occasion. Those folks are imbued with the idea of doing something for someone, and they do it—forthwith—without waiting for Christmas, a birthday, or an anniversary as the occasion.

To say that such gifts are successful gifts would be to put it mildly; indeed, gifts sent just for friendship's sake are among the most successful that leave our Shop!
