CHURCH EDIFICE—CHESTER AT WILLITS

COMMON COLDS

Colds probably surpass in frequency all other disease conditions. When you have a cold, do nowtake the cure-all advices of friends, but consult a Physician who has devoted years of time to the study of human ills. Take his professional advice and follow it.

Medical research continues to improve ways of treating bodily ills, and in this Pharmacy we constantly keep abreast of new advances in scientific knowledge.

Your Physician will gladly telephone your prescriptions to us if you will elect our Pharmacy to do the compounding. The confidence placed in us by these professional men suggests a strong reason why we should be your prescriptionists.

Our growing prescription business is attributed to our policy of featuring only the best in pharmaceuticals.
