C. F. Charlton, 119 South Adams, today announced the opening of a new business which he hopes will keep him in Birmingham most of the time.

Mr. Charlton was for many years associated with the Packard-Charlton Building Co., of Birmingham and for the last five years has been with a manufacturing firm in Detroit. He has been a resident of Birmingham for many years.

He plans a business service, including bookkeeping, typewriting and sales tax returns under the name of C. F. Charlton, Business Service.

### Dog License Cases For Last Year Are Reported Completed

"Dog license cases for 1945 are reported completed by Judge Forbes Hascall. Licenses for 1946 are now being issued at the Municipal Building and it is said another dog census likely will be taken within a few weeks. At that time names of all dog owners will be listed, along with information as to dogs already licensed."

In some of the cases before Judge Hascall owners said their reason for not securing a city license for their dogs was because they opposed the compulsory immunization clause in the license ordinance. Others reported they had just neglected to buy their dog license.

Judge Hascall reported these cases as being completed: Paul Smith, Elmer Kilborn, W. H. Lange, Roy Whitten, Cleo J. Swartz, James I. Lanning, Vernon Keener, John Hanna, Ray Sacher, Walter B. Tate, E. W. Crandall, Harold Bresler, Byron McNeel, Henry Do, Gustav Ernst, Thomas A. Fletcher, Glen Foote, Louis Chaffin, J. E. Dickson, George L. H. By, Maurice Hancock, Dan Heron, and Carl Morrow.

#### HIS IRON COMES HOME

An electric iron, which John B. Kuhlman, 1008 Haynes, has used during his three years of naval duty has finally come back home and its owner is expected to follow it back to Birmingham next week. John asked for his favorite iron soon after entering the navy and it was sent to him about three years ago, going first to Key West. Then John boarded ship and saw duty all over the world on a transport ship. The iron saw use in many European countries where the ship was docked and in many more lands of the Pacific. John's mother, Mrs. Leslie Kuhlman, says she thinks many other boys aboard ship also used to press their Navy togs. "It was just as bright and shiny when it came home as it was when we first sent it to John," she said today.

Merle E. Reiter is home from Italy and is discharged. He is with his wife and son at the home of his parents, Mr. and Mrs. Ralph E. Ryder, 912 Floyd street.

#### COMES FROM JAPAN

Set. Homer E. Corvis, who served with the Army in the Philippines and New Guinea, arrived this week from Japan with his Army discharge. He had three years of duty, much of it overseas, and is now with his parents, Mr. and Mrs. Joseph Corvis, 848 Purdy.

#### OVERSEAS 22 MONTHS

T/S George W. Corvis was discharged from Fort Sheridan, Ill., Feb. 6. He entered service Sept. 7, 1942, and spent 22 months overseas in China, India and Burma with a field hospital unit. He holds the American theater ribbon, the Good Conduct ribbon, the Asiatic-Pacific ribbon with two battle stars and the Victory Medal. George is the son of Dr. and Mrs. George W. Corvis of London street.

One of the latest of Birmingham men to receive his discharge is Lt. James H. Winborn, 675 Poppleton avenue. The Navy reported that he received his discharge on Feb. 14 at Great Lakes, Ill.

#### ARMY NEEDS THESE

The United States Army Air Forces are in urgent need of men who are interested in the following specialties such as radar technicians; radio operators, repairmen and mechanics; aircraft control tower operators; teletype and repair technicians; communications technicians; meteorologists; electrical and mechanical aircraft engineers; television operators and many others.

#### EARLY ORE SHIPMENTS

The first Lake Superior iron ore reached new England mills in 1873. Michigan's ore built the railroads and the locomotives that hauled the trains.

### Highest Flyer

Bulky, brawny Gen. Carl A. Spatz, General Arnold's successor as AAF chief, has a long and distinguished record to his credit for his top job. In World War II he was Strategic Air Force (Bombing) Commander in Europe. Before that Spatz worked all through the 1920's and 1930's for bigger and better airplanes. He was graduated from West Point in 1914, born in Boyertown, Pa., in 1891. Spatz also has added an "a" to Spatz so people would say "Spatz" instead of "spats."
