

STORE-GAZING IN BIRMINGHAM

This harsh winter weather and dry indoor heat have a disastrous effect on otherwise soft, lively complexion... As you who are already sending your 2- or 3-year-old to this school is especially equipped to meet the demands of each individual child... Three large, sunny playgrounds and a spacious playground outside. Added attractive features include transportation to and from school and the opportunity to arrange for either a full or half day for your child.

These chill, January winds are sending many of us to the "Sunny South" and the R. B. SHOP has a beautiful, new line of Southern apparel to prepare you for those days on the beach. There are two-piece chambray play suits in lush plaids—they are gracefully plaited to flatter any figure and the skirts have that slimming fluted skirt style in bright silk jersey—both are priced at \$10.95. The bathing suits are wonderful—the smart two-piece style in silk jersey prints. They have the figure hugging feature and give free movement for swimming and beauty for sun bathing—a find at \$7.95.

Winter has really come and these crisp snowy days send us in search of the tobyogan, skis and skates. Keeping warm is the problem in winter sports—SKIERS have just the thing to keep those icy winds from nipping the fingers. They have mittens that are made completely of sheepskin—soft, water repellent skin on the outside and cozy, warm fleece on the inside. These mitts are stitched in white and come in vibrant shades of blue or red. One feature we especially liked is the cuff which can be worn either down or up—to keep the snow from creeping in. These mitts are a real find at \$3.50.

Here's something new for the bath! SHAIN'S has those cute and practical new SHRATZ tablets. They are made in the form of capsules—shaped like tiny footballs. Just one tablet dropped into your bath makes a delightfully fragrant and refreshing bath oil. The mere touch of this magic capsule makes the water softer. They come in four fragrances—gardenia, lavender, pine and apple blossom—and are suited to make the bath a most ideal gift or a very pleasant luxury for yourself. Sixteen delightful baths are yours for \$1.25 plus tax.

There is good news for you who are seeking really fine jewelry. KINCARDS have taken place in town in TIMBER'S store and offer a complete line of better jewelry. They have some lovely gold pins and earrings—some in solid gold jewelry—both are some rings—styled to suit any taste. We also were pleased to find these hard-to-get charms for bracelets—some ingenious mechanical charms in both solid gold and sterling. There is a complete line of baby jewelry—wonderful items for gifts. Watch bracelets, identification bracelets and the popular makes of watches are sold here... and that tired watch or broken jewelry can be repaired right in this shop. We wholeheartedly welcome this new store to Birmingham and our column.

Choosing the baby's wardrobe is a problem—but at MULHOLLANDS it can really be fun! They have a complete line of clothes for the "two ones"—soft, selected shoes in felt with hand-embroidered decoration—from \$1.64 to \$1.95. There is a selection of blankets in pastel shades of pink, blue or white—from \$2.95—\$5.95. One outfit we just couldn't resist is the bathrobe and matching, aboutie set—in heavenly warm and cozy—these come in pink, blue or blue and are nicely bound in satin—at \$2.30 a set. There are 100% wool mittens too to keep those tiny fingers warm. They are either crocheted or knitted in pink, white and blue—from \$1.79—\$1.99.

They're here at last!—those chrome bathroom fixtures that everyone has been waiting for! MC-BRIDES have a complete line of pre-war quality HALL-MACKER fixtures—towel racks, tumbler holders and other items necessary to equip the bathroom. That tired, run-down lavatory can now take on new life or the new home you're planning can have the smooth accessories you want for bathrooms or kitchen. They have something else you've been waiting for, too—BENNETT'S fireplace screens. These are curtain screens—they are easily managed and give a very graceful drape effect to the fireplace.

Michigan's state treasury has \$31,000,000 tucked away, tagged for use of Michigan veterans.

The war is over, and although only one-third of the Michigan veterans are back home, the question is already a "hot" one, and legislators are beginning to wonder what the answer should be.

Since Michigan veterans are perhaps most concerned and more directly interested in anything else in how the \$31,000,000 should be spent, Governor Kelly, by constituent representation, would like to see the state's veterans organizations should take the initiative in making a definite recommendation.

INTERESTING - THE NEWS

BY GENE ALLEMAN

A cash bonus or a bounty paid-up "insurance policy" for life? That's the veteran issue, in a nutshell, which will be discussed at Lansing this evening (Thursday, Jan. 10) by members of the Michigan Veterans' Advisory Committee, comprising representatives of the American Legion, Veterans of Foreign War and other recognized veterans organizations in Michigan, who will meet with Governor Harry F. Kelly and officials of the Michigan Office of Veterans' Affairs.

so created, would be made available to accredited veteran organizations for use in making the needs of veterans and their families in almost an indefinite, lifetime basis.

For example, the State of Nebraska utilized the interest of its veterans' trust fund, established in 1921, to cover such operations as food, fuel, wearing apparel, medical or surgical care, or relief of funeral expenses, and care of dependent children or wives and widows who may be in need of assistance.

Since none of the principal itself was used, the Nebraska fund was successful in meeting annual needs of Nebraska veterans and the 1941 fund augmented substantially to meet 1945 contingencies, will be available to do the same for veterans of World War I.

Prevention of fraud was provided in a penalty of a \$200 fine or six months' jail imprisonment for any veteran who "knowingly, by fraudulent representations, might obtain any payment or aid from the veterans' trust fund."

It is akin to his family account.

Whether Michigan veterans' organizations will fall into line with the thinking of Governor Kelly and recommend the establishment of a similar trust fund for Michigan veterans is the question before the Michigan Veterans' Advisory Committee, today (Thursday) at Lansing.

There is every indication that the veterans themselves will favor such a program and will show the influence of Michigan, who for the sake of better veterans, have lowered the idea of distributing \$30,000,000 in 1946 to all Michigan veterans and calling it a day.

After all, 1946 is an election year. His veterans' needs will continue in 1947 and the other years one for one, for decades to come.

The decision is primarily one for the veterans to make.
