

Cherry Court Sewer Assessments Heavy

Since the property owners on Cherry Court have asked the city to install a sanitary sewer on that street, the City Commission directed the assessor to spread the roll for the project.

It was pointed out by the City Manager in the discussion preceding the resolution that the costs for such a project on Cherry Court would be very heavy for the individual property owner on the street. He mentioned possible assessments of \$490 and \$391 in two instances.

Stanton Man Takes Most Of Honors At State Meet Held At Birmingham Gun Club

Ned Lilly, trapshooter from Stanton, Mich., walked off with nearly every shooting honor the State can offer at the Michigan State Shoot held at Birmingham Gun Club last week end. This is an annual meet sponsored by the Michigan State Trapshooters Association.

Lilly started out by shooting 99

out of a possible 100 16-yd. targets in the preliminary event, Friday, at the club, and went on to take the state doubles championship Saturday, with a score of 332 out of a possible 350.

Sunday the 29-year-old shooter, who has been entering meets since he was 14, captured the singles 16-yd. championship, shooting 196 out of a possible 200. Johnny Moran and Bernie Judd tied his score, but being outstate shooters, were ineligible for the championship.

Local Man Last Year's Champ
Last year the singles championship was won by Fred Ford of the Birmingham club, with 196 out of a possible 200.

Richard Baker, 13, of Jackson, won the junior state championship, with 91 out of a possible 100. Mrs. L. C. Cookingham, of Jackson, took the woman's trophy, breaking 84 out of 100.

The shoot marked the Birmingham's Club's 30th anniversary, and was the third consecutive time the shoot had been held here.

Although Birmingham was well-represented last year in the list of winners, only Birminghamite who placed this year was Louis Hascall, first in the Class C, 200 target 16-yd. event, with 183 out of a possible 200.

Second Place Winners
Second place in the singles championship was shared by Claude Winterrowd of Chicago, and Johnny John of Spirit Lake, Ia., both shooting 192. Scores of 192 were piled up by three people for third place: Art Davidson, of Chicago; Phil Cottson, of Fremont, O.; and Grant Hseng, of Waco, Tex.

Seven people hit 191 out of 200 for fourth place. They were: Phil Miller, of French Lick Springs, Ind.; E. E. Hansen, of Cleveland; Bob Clyne, of Troy, O.; Bailey Gary, of Columbus, O.; Karl Maust, of Lincoln Park; Bill Crocker, of Jackson; and Dan Bittinger.

Water Turbutt of Detroit, former Grand American trapshooting champion, Howard Anthony, of Toledo, and Frank Vincent of Hillsdale, came in next with 190.

Other trapshooters who participated in the meet were Harry Bissett, Forbes Hascall, Maurice Lowman, and Ned Mansfield.

Versatile Glass
Glass is rapidly becoming more versatile, its manufacturers report, through continued research and technological improvement.

Today glass has lost its fragility. It can be sawed, bent, twisted, knotted, nailed, or woven. It can be made lighter than aluminum, or heavier than iron.

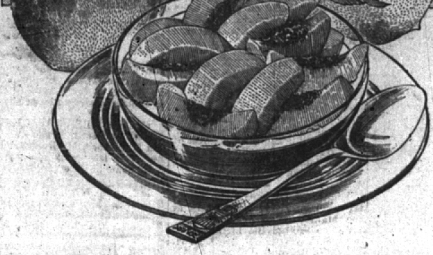

The future promises include such diversified products as fire-proof cloth, non-breakable tableware, plumbing and many other products of glass fiber combined with plastics.
