Snack-in-a-Sack

They're "hobbies" with the filling wearing the bun like a sack. Detha Berns Dallas, Tex., creator of the no slip, no drip bunwich, shows how they're made up. She says they're just the thing for picnics—anything from fish to hot dogs.

COOK'S COUNCIL By Jean Merritt Hostess Home Institute

Eggs Make the Meal

For its weight and size the egg packs an unparalleled punch. It is a veritable vitamin pill. It is Crocea-rich in the minerals that matter. Its proteins are top-flight, being the same body building kind as meats.

As a cooking aid the egg is literally unrivalled. Eggs go everywhere in every meal. They make the backbone of breakfast; they lend richness to a fine dessert. They are all things to all cooking.

But today's best use, with a plentiful egg supply the banana item in the fickle food market, is as a main-course substitute for meat. Whipped up and enriched with vegetables, eggs make a suitable omelet for supper. Mixed with potatoes and onions in a casserole, the egg becomes a one-dish meal. Baked on a mound of beans in the hollow of a bun, eggs are hefty, meatless eating. Here's how:

Boston Buns

Cut a circle 2 inches in diameter from crust of—

- 1 round bun
- Hollow out center of bun and re-fill with—
- 1/2 cup oven-baked beans.

Boston style.

Top with—

- 1 uncooked egg.
- Season with—
- Salt
- Pepper.

Place bun on baking sheet and bake in a moderate oven (350° F.) for 10 minutes or until egg is set as desired. Serves 1.

Potato Egg Fomage

Peel and cut into 1/2-inch to 1-inch cubes—

- 5 or 6 medium boiled potatoes (3 cups)
- In bottom of greased casserole place—
- 2 thin slices of onion.
- Cut into eighths—
- 4 hard cooked eggs.

In casserole place alternate layers—

- potatoes
- eggs.

Melt—

- 1/2 cup butter.
- Add—
- 1/2 cup onion salt
- 1 teaspoon prepared brown or yellow mustard.

Cook until bubbling. Add gradually—

- 1 cup milk.

Cook, stirring constantly, until thickened. Lower heat. Grate—

- 1/2 lb. American cheese.

Add cheese and stir until cheese is melted. Add—

- 1 1/2 t e s p o o n s Worcestershire sauce.
- Four over top of potatoes and eggs. Bake in a moderate oven (350° F.) for 20 minutes or until heated through. Serves 6.

Well-Spoken

An English manufacturer of motor car tires was the speaker at a businessmen's luncheon. In response to a toast he said:

"I have no desire or intention to inflict upon you a long speech, for it is well known in our trade that the longer the spoke, the bigger the tire."

FOR EXCHANGE: 1913 Model—will trade even for 1946 Super Deluxe

What an ad! Not a taker in a million.

Only a politician would think of such a deal!

Yes, Senators Wagner, Murray, and Representative Dingell are trying to exchange an out-of-work system of National Compulsory Government Health Insurance for the new Voluntary Non-Profit Health Programs which are succeeding so admirably in America.

They offer an old lamp for a new one but their name isn't Aladdin.

The National Health Act of 1945 known as the Wagner-Murray-Dingell Bill is now under consideration before the United States Congress. If your Congressman doesn't vote "No" on this bill, you will lose the non-profit Michigan Hospital Service, the non-profit Michigan Hospital Service and similar health service plans now being used by millions of people in Michigan. These modern and voluntary programs will be replaced by foreign-born National Compulsory Health Insurance plan that will place another 3% tax on your paycheck and give you only limited health service—after you pay for 18 months.

Would you trade a 1946 Super Deluxe for the Montana Senator's 1913 relic?

Would you trade a valuable bird in the hand for a squawking noise in the bush?

Write your Congressman and urge him to vote "NO" on the Wagner-Murray-Dingell Bill.
