miles per hour... well, you had to keep 'er in the middle of the canals.

Incidentally, when starting out on the Gulf, on a compass course, one need not keep watch of the compass only; if you do, you'll get lost; so you learn to pick out some landmark...

It was late afternoon when we finally awoke, when we were tossed around on waves created by a 35-mile-an-hour wind...

From Carabelle the boat's course was to the Steinhatchee river, across Apalachee Bay, then down the Gulf of Mexico...

Next week I'll conclude this, telling you about our route to Cuba-Grille, Boca Grande, Ft. Myers, Okaloosa, Stuart, West Palm Beach, and Ft. Lauderdale...

Numerous times one or more of these crew-boys... would race ahead or follow up...

Three Main Aspects In the planning of a modern high school the needs of the student's development must be considered.

The new senior high school was constructed, it would relieve the congestion of the existing high school...

The site of the proposed new high school is located on the corner of Lincoln and Cranbrook streets...

The various administrative offices will be provided together instead of being scattered among several buildings...

While the new high school is still in the planning stages, it would undoubtedly include many modifications...

Will File Answer to School Injunction

(Continued from Page 1)

The School Board of Bloomfield Village the latter part of this week will file with the Oakland County Circuit Court...

The injunction halted the special school section from District No. 6, Fractional, was to have held on April 10 to decide the question of annexation of their school district with that of the Birmingham school district.

According to Mr. Stevens, the Circuit Court will set a date for the hearing before the Bloomfield Board files its answer with the court.
