"What is this Healing Prayer?"

The practical results of Christian Science have impressed vast numbers of people, including many natural scientists, clergymen, and physicians.

SCIENCE AND HEALTH

With Key to the Scriptures by Mary Baker Eddy

fully explains the prayer, the manner of thinking which produces these results—helps the sick, supplies the needy, binds up the brokenhearted, releases men and women, whatever their present position, into greater usefulness, security, and satisfaction.

The book is enabling people in all walks of life to prove Jesus' words, "Ask, and ye shall receive, that your joy may be full."

A book for everyone to understand and use.
