Exhibition of Art Tells Progress of Chair Designing

Opening Tuesday, Nov. 12, at the Museum of the Cranbrook Academy of Art, the exhibition on modern chair design in a series of 27 panels emphasizes that good chair design is not a matter of period or style.

Beginning with the 17th century Windsor chair, the exhibition illustrates that people today live and sit differently from their lifth century ancestors, and ideas to the control of the cont

public for the study of the Bible, the works of Mary Baker Eddy, and other Christian Science livera-ture, without charge, and for the purchase of these publications.

## **Worth Waiting For—This Great New Ford!**

It's difficult to wait for your new car . . : when it's the Ford in your future. But you'll be glad you waited. Take your choice of two great engines-the V-8 or the Six. With the lowest engine speeds in the low-price field, they "loaf" while

the car "hustles." And only Ford gives you the added safety of the rustproofed
"Lifeguard" welded steel body . . . oversized, self-centering hydraulic brakes
. . rugged X-type frame . . . multi-leaf "Rest-ride" spri

Meanwhile, Protect Your Present Car With

WE KNOW your Ford best-that's our W business. Our mechanics are trained in factory methods . . . we use only Genuine Ford Parts when replacements are necessary . . . our shops are equipped with factory-approved machines and tools. Today, we have more mechanics . . . more parts . . . to serve you better, faster. That means one-day service on almost every job except major over-hauls. Make it a point to protect your present car investment with regular Ford Service check-ups. You'll gain miles of safer, happier motoring. Why not drive in today? Bring your Ford "home" for every service need.
