

Oct. 15-Nov. 15 Dates For Mailing Overseas Gifts

Parcel for servicemen stationed in China, India, the Middle East and Islands in the Pacific should be mailed as soon after Oct. 15 as possible, the post office warned this week. They should be sent before Nov. 15 to insure arrival by Christmas.

During the one-month mailing period, no request from Army personnel will be received. Parcels may weigh up to 70 pounds and may measure up to 100 inches, length and girth combined.

All addresses should be complete and plainly marked. All articles for overseas must be packed in boxes of metal, wood, solid fiberboard or strong double-faced corrugated fiberboard. All boxes must be securely tied with strong cord.

Sealing the box with gummed tape, the post office warns, is not enough. It suggests: first tie the

fiberboard box with cord, then wrap it in strong paper; tie that with another cord. Send no soft candies, hard candies, nuts, caramels, cookies, fruit cake and chocolate. Gifts should be individually wrapped in waxed paper and should be enclosed in inner boxes of wood, metal or cardboard.

When mailing valuable articles, senders are reminded, be sure to insure and register them. Send money only through money order blanks, as no post office will accept currency for mailing, except to Army APOs out of New Orleans and Seattle.

Only one parcel per week can be sent overseas by an individual sender to the same address.

Greeting cards for Christmas must be in sealed envelopes and paid at first class letter rates (3 cents per ounce) if sent to Army personnel. Cards to the Navy, Marines or Coast Guard may be sent for the 1 1/2 cent rate in unsealed envelopes, but it is suggested that all cards be sent at first class mail rate.

The total potato crop this year is estimated at 445,000,000 bushels, against a 449,000,000 bushel, 1945.

to the Maple four-yard line. The drive was highlighted by the passing of Rudy Hill and Bob Wellons.

An offside penalty put the ball on the nine-yard line where three passes fell incomplete, and the Maples' desperate defense turned back a last-minute attack to annex their first victory of the season.

Starting lineup:

Bye	Birmingham	
Castro	LE	Dick Blanton
Hill	RB	John Homan
Dick	LB	John Homan
Wellons	QB	John Homan
Chase	RB	John Anderson
Tom Jones	BT	Joe Brown
Don Stafford	RE	Don Watson
Norm Samsberg	OH	Don Watson
Jim Wickers	OH	Eric Anderson
Bob Hill	OH	Eric Anderson
Walt Weaver	FB	Jack Fikins

B'ham-Mt. Clemens Homecoming Game Is Tomorrow Night

In the first league game of the year, Birmingham will play Mt. Clemens tomorrow night at 7:30 in the Pierce Field before a big homecoming crowd.

The Bathers placed last in the Eastern Michigan League last fall, but according to all reports they are a vastly improved team this year.

Coch E. Buckholtz, whose teams gave an excellent account of themselves season after season, is back from service to resume his position as head coach. He has 10 returning lettermen headed by Captain Wesley Carol.

Jim Charboneau, 16th round returning serviceman, is a great asset to the Bathers' backfield. Birmingham will remember him as the track star who early in the 1944 season stepped off the hundred in ten flat at the Pierce track to break the record of 10:02 set by Jack Steelman in 1941.

Mt. Clemens defeated Monroe, 33-6, in the first game of the season, the down-state leads being powerless to stop the fleet Charboneau and his mates.

The Bathers were beaten last week by a powerful Pontiac team, 16-0, while the Maple defeated Van Dyke, 6-0.

Construction Of Maryland Shipman Sewers Approved

Following the engineering department's recommendations for sanitary sewer construction to serve the entire area, the Birmingham Board of Health Monday night set October 7 as the date for a hearing on the sewer project for the Birmingham-Crestview subdivision.

"Existing sewers are entirely inadequate to serve the area," said C. E. Robertson, city engineer. "They are so located that there can be no possible drainage any street and are not of adequate size to be of any practical value. By proceeding with the construction of adequate sewers, there will be eliminated the need for any further connection to the existing sewers. A large percentage of them can be entirely abandoned without any increase to the existing residents in the area."

Many basements flooded during the recent rains have shown that even with a small number of houses connected to the existing sewers, there has been considerable flooding of basements.

"The inclusion of any additional houses will only increase this difficulty," he pointed out.

The city engineer's recommendation, the City Commission found the necessity for the construction of the sewer lines along the Crestview and Shipman boulevards. The assessment districts are expected to be ready for the city engineer's office by next Monday evening.

PHIS & THAT

of America. This first talk was rich in such material; but this was not the only one of its kind. While these events were always ones of common knowledge, they were not so generally known as they are now.

After the speaker had finished his remarks, the audience was invited to sing "The Star-Spangled Banner." The singing was led by the speaker, who sang with the present and future history of our state. In short, I feel that Mr. Sigler can make history, and the right kind of Michigan.

We Take a Back Ride

After the speeches were over, Mr. Sigler was taken to the University of Michigan, where he had arranged a ride on the "Arrow" motor club. The "Arrow" is a beautiful 40-foot ship. We examined the craft from stem to stern, and then took a short cruise. The "Arrow" is a beautiful 40-foot ship. We examined the craft from stem to stern, and then took a short cruise. LEAFLETS

(Continued from Page One)

the items on this fire prevention check list:

1. Heating plant—If smoke pipes leading from furnace or chimney are full of rust spots and small holes, or if you can poke a pencil through the bottom of it, it is holes replacing. If the chimney and smoke pipe have not been cleaned in two years, get it done now.
2. A wooden ashpile roof and furnace, put a spark arrestor on top of the chimney. Sweep these places ash in metal containers.
3. Smoking—Careless disposal of cigarettes is another major fire hazard—be sure they are out. Don't smoke in bed. When guests are here, drop a lighted cigarette to smoulder and ignite.
4. Matches—They have heads that do not burn—use yours. Keep them out of sight of children.
5. Electric—Never use more than a 15-amp fuse for a house wire. Using a 30-amp one-ton truck—neither the truck nor the wire will last long if there is an overload.
6. Dry cleaning fluids—Inflammable cleaning liquids (Naphtha, gasoline, paint remover, etc.) have no place in the home—keep them out.

Funeral Services Held For Mother Of Two Local Men

Funeral services were held Monday at 2 p. m. for Mrs. Edward S. Reid, 74, of 740 Virginia Park, Detroit, mother of Jasper B. Reid and Edward S. Reid, Jr., both of Birmingham.

Mrs. Reid died Friday morning at her home following an illness of three weeks.

Funeral services were held Monday at 2 p. m. for Mrs. Edward S. Reid, 74, of 740 Virginia Park, Detroit, mother of Jasper B. Reid and Edward S. Reid, Jr., both of Birmingham.

IRELAND

(Continued from Page One)

Groups were led by officers and committee chairman of the Council.

Robert Connor conducted the group on program planning; Mrs. Harold K. G. a speaker on membership; Mrs. T. Hollister Malley on recreation; Mrs. William H. Jackson on publicity; John G. Hammond on legislation; and Mrs. Lewis Baker on publications.

Adult education was led by Dr. Ireland; hospitality by Mrs. David Williams, Jr.

Presidents of the local units met with the recreation leaders to discuss plans for participation in the community hall open party.

Mrs. Peter B. Loomis and Carl Beach met with secretaries and treasurers of the units to assist them in their duties and Mrs. W. A. Sears met with the historians.

President was Mrs. Newell Alton, president of the Council.

The Council invites all persons interested in PTA activities to attend.

Young Prowler Seen In City, Police Told

A. L. Larson, 835 E. Lincoln, reported to police Sunday the blond young man wearing a tan sweater, had broken the ventilator window on his car when it was parked at Bates and Townsend.

The same night, Noel Haberfort, 1738 Shuman boulevard, reported that a young man of the same description was seen prowling around their home.

The Baldwin Public Library informed police that several library records were taken from the library this Monday and the Michigan Steel Fabricating Co., 445 Stout, reported that their office had been broken into and the cash box taken.

Holy Name PTA Meets This Morning

Mrs. Richard Roach, president of the Holy Name PTA, has called a breakfast meeting of the executive board to meet in her home on Birmingham boulevard today at 10 a. m.

Purpose of the meeting is to coordinate all committee plans for the 1946-7 season.

Roof Fire Causes Damages Of \$3,000

A fire which resulted from sparks from a basement incinerator caused an estimated \$3,000 to \$3,000 damage to the roof of the Robert Foster home, 271 Radnor drive, Tuesday afternoon.

According to Fire Chief Vern Griffith, the fire had been smoldering under the wooden shingles for about two and a half hours before flames burst forth which were noticed by painters working on the other house in the neighborhood.

Griffith attributed the cause of the fire to an improperly installed incinerator screen which allowed sparks to go up the chimney and onto the roof.

The loss is covered by insurance, it is reported.

Two of the department's fire trucks were working on the fire at the Foster residence, a small grass fire was reported at the corner of Edgewood and Lincoln avenues.

A general alarm was sounded by the department to bring in volunteer fire crews which were necessary to man the trucks which extinguished the grass fire.

Being married saves a man a lot of time making up his mind about things—Construction Digest.

6 Speeders Arrested

Police arrested six speeders during the last week. Harold J. Campbell, 228 Auburn, Pontiac, was arrested for doing 55 in a 30-mile zone; Harold Steele, 68 W. Kalamazoo, Hazel Park, 60 in a 45 zone; Gerald D. Cooley, 1887 Bates, SE 25 zone; Albert J. Crosby, 15611 Hartwell, SE in a 45 zone; Walker Morrison, 458 S. Lafayette, Royal Oak, 60 in a 45 zone; and Sam Joan, 106 E. Ypsilanti, Pontiac, doing 60 in a 45-mile zone.
