## Mrs. Herman Hostess To Friendship Guild

Mrs. Kenneth R. Herman entertained the ways and means committee of the Friendship Guild of the Woodward avenue Presbyterian church this week at a luncheon in her home, Kenbarlen, in Franklin Village.

Members of the committee who were present besides Mrs. Herman, the chairman, were Mrs. E. A. Burgess, Mrs. M. C. Ross, W. F. Wetmore, Mrs. R. S. Grimshaw, Mrs. F. C. Adams and Mrs. L. M. Haymans.

Others were Mrs. H. W. Collins, Mrs. C. C. Bupp, Mrs. C. K. Churchill, Mrs. R. C. Goodwin and Mrs. J. S. Evans.

On Dec. 6, the group will present Mrs. W. W. Squier in a costumed and dramatized review of the book, "Marta of Muncovy," by Philip Stong. A tea will also be a feature of that date.

Let our State Government be representative—it will be if everyone who is registered casts his ballot at next Tuesday's general election.

"Everlasting Punishment" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, November 3.
The Golden Text (Psalms 9:16) is: "The Lord is known by the judgment which he executeth: the wicked is snared in the work of his own hands."
Among the Bible citations is this passage, (Isaiah 55:7) . . . "Let the wicked forsake his way, and the unrighteous man his thoughts: and let him return unto the Lord, and he will have mercy upon him; and to our God, for he will abundantly pardon."
Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 329): "The destruction of sin is the divine method of pardon. Divine Life destroys death, Truth destroys error, and Love destroys hate. Being destroyed, sin needs no other form of forgiveness."

Democracy Marches On

Delegates from local units representing the more than 15,000 members of the Michigan Milk Producers Association convene at Lansing on November 7 for their 30th annual meeting.

In the traditional manner of a democracy, these Delegates were elected by the general membership and speak the majority voice of all Association members on matters of major policy and administration.

Because these Delegates represent a large and important segment of all residents of this area, it follows that what is good for MMPA members likewise reacts to the public good.

The inter-dependence of dairy farmer and general public has been recognized by MMPA from its inception 30 years ago.

It has prompted Delegates to foster new scientific safeguards for public health protection;

It has led Delegates to sponsor production methods for increasing the quantity and quality of milk to meet increasing public demands for nature's best food at its very best;

It has enabled Delegates to set up administrative procedures for cooperative marketing and mutual aid which cost less than one per cent of gross sales—far less than administrative costs of the American Red Cross, Community Fund and similar activities;

It has resisted taking temporary advantage of abnormal conditions to obtain "quick money" at the expense of sound long-range planning;

It adopted more than a decade ago the base-and-excess plan which authorities on milk marketing have called the best year-in, year-out program ever devised for the advantage and protection of both milk consumer and milk producer.

Out of this background of successful operation, Delegates on November 7 will lay broad plans for sound future growth.

And action of the Delegates, you may be sure, will adhere to those basic principles of Democracy on which MMPA has operated for more than three decades—Awareness that what is good for the milk producer must be likewise good for the milk consumer.
