KROGER was hatched as one small store in Cincinnati in 1882.

It grew into 2,600 stores in 18 states because B. H. Kroger, the founder, was an unusually good, economical storekeeper, and he saw that with many stores he could buy and sell things for less money than with one little store.

In America, any little store can become a big store or a group of stores, if it finds ways to give folks better things for less money.

"Man" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, September 8.
The Golden Text: (Ecclesiastes 7:29) is: "Lo, this only have I found, that God hath made man upright."
Among the Bible citation is this passage (Romans 8:16): "The Spirit itself beareth witness with our spirit, that we are the children of God."
Corrective passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 200): "The great truth in the Science of being, that the real man was, is, and ever shall be perfect, is incontrovertible; for if man is the image, reflection, of God, he is neither inverted nor subverted, but upright and Godlike."
