

How Christian Science Heals

TO BE not only interested and enlightened, but to be profoundly refreshed and even healed of disease, has been the experience of countless thousands in reading the Christian Science textbook.

SCIENCE AND HEALTH with Key to the Scriptures

By Mark Baker Eddy
The complete explanation of Christian Science and its scientifically Christian method of overcoming sickness and other distresses and limitations is given in this volume.

A book for everyone to understand and use.

Christian Science Lecture Attracts Many Listeners

George Channing, CSB, of San Francisco, Calif., Tuesday night lectured at the well-filled Bladwin High School auditorium on the subject, "Christian Science: The Healing Power of Spiritual Understanding."
The lecture was sponsored by the First Church of Christ, Scientist, of Birmingham. The speaker was introduced by William T. Uley, First Reader of the local church.

Channing is a member of the Board of Lecturers of the Mother Church, The First Church of Christ, Scientist, in Boston.

The following paragraphs are a few excerpts from his Tuesday night lecture:

Healing Proves God's Love
Healing is not physical. It is the manifestation of the love of God restored in consciousness.

The Christian Science textbook begins its statement of the "definition of object" (Science and Health, 304:10):
"The Christ, the divine idea of God, is ever-present, without beginning, but the dull eyes and ears of humanity for centuries caught only faint glimpses of this spiritual truth."

In this situation of need, the love of God was such that Jesus appeared, for Jesus was necessary in order that the effects of the Christ might be seen and heard, and human sense taught and healed by the spiritual idea.

"God so loved the world, that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life" (John 3:16).

It will always be true that wherever the spiritual idea is entertained in consciousness, that appears to human sense as changed physical conditions, harmoniously adjusted, and accompanied by the spiritual awareness of the love of God for man.

Mr. Eddy, Discoverer, Founder
In this a new concept—this recognition of the mental nature of existence in all its aspects? Yes, it is new to the unenlightened, but it is the true nature of existence. It was so when called the shores of Galilee that men called his words a miracle, although they were the divinely natural effects of divinely natural law.

It was so when, as revolutionary in 1846 when Mr. Eddy, through spiritual purity and stress; discarding the doctrine of the Trinity, against great opposition from the world's thought, that her discovery, which she named Christian Science, could be found and established in the world.

Nevertheless, she persevered, healed the sick, regenerated the sinner, and taught others to do the healing work for which she herself had been taught of God.

Love for God
Her extraordinary love for humanity was dictated by her boundless love for God. It contributed towards making her the greatest benefactor of the age.

She wrote her great book, "Science and Health with Key to the Scriptures," which, as has been previously remarked in this lecture, is the textbook of Christian Science, organized her Church, and founded it as the Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, with branches which have since spread throughout the civilized world.

In the foundation of Christian Science, the consciousness of men where it will be as the Rock that is Christ overturning and overthrowing the concepts of Deity and bringing to light spiritual truth which, until then, rarely uttered in God's kingdom on earth.

Pontiac Soloist to Be Guest Artist at Next Vesper Service

A varied program of vocal and instrumental music has been planned as the next in the series of Vesper Services at Christ Church Cranbrook, to be held Sunday, April 13, at 4:30 p. m.

Among the soloists will be a newcomer, Miss Phoebe Campbell of Pontiac, who was formerly soloist at Trinity Cathedral in Chevrolet. Other soloists will be Miss Patsy Welden, violin, and William Casey, flute. Miss Campbell, a mezzo-soprano, will sing two songs by Hugo Wolf.

The program will consist of three such numbers, but "Fourth Concerto in C Major" (for organ), "The Walk to Jerusalem," and the Aria from "The Magnificat"; Handel's "Third Sonata" (for flute and organ); two songs by Wolf, "Gebet," and "Aut Estote Wandersinn"; and a Fugue by Honegger.
