Electronics have come to the aid of the housewife at last, with the Westinghouse Precipitron that is now available at Mechanical Heat & Cold, Inc., 12320 Hamilton Ave., Detroit. The Precipitron removes air-borne dust electrically before it can settle on your furniture and rugs—imagine having a spotless home without all that cleaning drudgery. It saves money, too, for cleaning costs are cut and redecorating expenses are greatly reduced. What's more, you'll have clean air to breathe. Call to 8-9600 for complete information on this latest home servant.

I'm all for anything that saves time in preparing meals these days—no more "slaving over a red hot stove" all day. That's why the new Wear-Ever pressure cooker that I found at McBride's Hardware, 128 S. Woodward, impressed me. Imagine cooking peas in 15 seconds, or a beef stew in fifteen minutes—why, you'll always be able to finish that last rubber of bridge and still be home in time to prepare dinner. Extra leisure isn't the only advantage of the Wear-Ever cooker, for vegetables cooked in it retain their precious minerals and vitamins, and the flavor of meat is cooking in, not out.

While you're in Quinn's selecting Carpeting, be sure to see the fireplace in their new display room. It has been completely equipped by Bruce Thimblethorn, Woodward at the 14 Mile Road, and is perfect, from the specially built solid brass tender and the beautifully designed fire screen to the decorative plaques hanging above it. Bruce Thimblethorn has everything for your fireplace, you know, and carries only solid brass fixtures. Any of their fireplace equipment can be bought with a Gift Certificate—they're always welcome.

Time for golf again and the clothes that go with it. You'll find those superb Sunlin Golfers at the Maxwell Shop, 164 W. Maple. They're cut for action, you know, fit beautifully, and come in plain chambray in Easter Egg colors—dresses you'll wear everywhere and be comfortable in all summer-long. While I was shopping for suits—cute plait-singham, one-pieceers, with full skirts to slip on when they want to be "dressed."

Cranbrook Athletic Director Resigns; Thompson Gets Post

Wendell S. Wilson director of athletics at Cranbrook School for the past four years, has resigned to devote his full time to the Tejon Valley ranch, summer camp for boys and girls in Jackson Hole, Wyoming.

He came to Cranbrook during the war years to direct the athletic program and to organize competitive athletics which had been abandoned in 1941. During the past four years the athletic teams at Cranbrook have gained national prominence in private preparatory circles.

Paul A. Thompson, track coach and a member of the instructional staff at Cranbrook, has been elevated to the athletic directorship.

When I first moved to Birmingham (14 long years ago) I asked one of my friends—an old resident—where to shop for food, and she told me "Stroup's" of course, for Stroup's in the Wabek Building can be depended upon for fine groceries and meats. If you're too rushed to stop in and select your own steak, busy women, just call Birmingham 9800 and you can be sure of receiving the best quality obtainable—one that will be tender and juicy and melt in your mouth. Stroup's carry everything from the proverbial "soup to nuts."

Mary Thornton's Shop is a veritable treasure chest of fine old furniture. Even people who are not familiar with the charm and quaint appeal of these incomparable pieces can appreciate their true worth. You could travel this wonderful country over and I'll wager you'll find what you have been seeking in the antique line. Birmingham Pine clocks, lovely old Grandfather clocks, and rush bottom chairs that would be proud possessions of any discriminating owner.
