Family Reunion

Mrs. J. A. Wendolph was the guest of honor at the Wendolph reunion held at Springdale Park recently. Her five children, eight grandchildren and four great-grandchildren were present. Out-of-town guests were in attendance from Battle Creek, Saginaw, Pontiac, Royal Oak, Detroit and Troy, N. Y.

A luncheon dinner was served in the afternoon, after which games and sports were enjoyed, with community singing held at twilight.

Local Man Helps Set New Rifle Mark

Clelland Clark of Stanley street was a member of the winning small-bore rifle team entered in outdoor competition at Wyan-dotte last week. Shooting on the 50-meter range, the team broke the existing record with a score of 397 hits out of a possible 400.

Clark, a commercial photographer in Detroit, had as his shooting companion Joseph Bidwell of Royal Oak, an employee of the General Motors Research division. The two are members of the Royal Oak Rifle club, which shoots on the local indoor range formerly used by the Birmingham club.

Adversity is the trial of principle. Without it a man hardly knows whether he is honest or not.

Brisk Fall Days Add Zest To Your Favorite Pastime

By Alice Morgan.

In spite of the fact that salt tablets and cakes of ice are standard equipment at the moment, there is no denying the fact that those crisp fall days are not far ahead of us. With the sun blazing down, we automatically think in terms of picnics, but after the chill comes into the air, too many of us miss the fun they can provide.

Full picnics can be fun, even nicer than summer picnics, if for no other reason than the fact that most of the winged creatures of woods and brush have gone to their ancestors.

"But," you say, "you can't have much fun if it's cold." Right, but you can successfully combat those mosquitoes without bundling up too much.

Select Shelter

One way, of course, is to select a spot for your fire that has a high back for a background. This will reflect the heat back, and make a great difference. Another, if you're planning to make a business of it, is a three-sided shelter that can be erected for you. Just like the fireplace at home! For those who like picnics but don't take them quite so seriously, there's the easy way. A good-sized square of canvas or heavy duck, fasten snaps on each corner, make sure you have some rope in the car, and with the aid of the trees near your picnic fire you can put up a windbreak in no time at all.

Your fall picnic equipment may vary a little bit from the summer

one. **Let Him Cook**

If you go to a park that supplies you with some fireplaces, a sheet of metal, bent into a half circle, makes a perfect warming oven for keeping things hot, or warming the picnic rolls.

You'll find that fall picnic menus will call for heartier foods. The sort that will let the man of the family shine, if he is at all inclined to turn his hand to a steak now and then. There's something about an open fire, a good thick steak or slice of ham, and a brisk fall day that holds a fatal attraction to a man. Many of them who won't even boil an egg at home turn out meals that will make your mouth water for months after if you'll give him an outdoor fire.

So, check your supplies, and when some week-end morning you leave your bed to find a film of frost on the grass, don't despair. Load the car as usual, and find out just how much fun a fall picnic can be.

Vets May Obtain Victory Medals At Pontiac Office

World War Veterans of Birmingham who have been authorized by the War Department to wear the Victory Medal, may now obtain the medal at the U. S. Army Recruiting Station, 53 1/2 W. Huron St., Pontiac, upon presentation of their discharge certificate or similar papers bearing the required authorization, it was announced today by M. Sgt. Jack Carpenter, NCO-in-Charge.

Although several million veterans have earned this honor by their wartime service, M. Sgt. Carpenter explained the medals have only recently been coined by the United States Mint, and no general distribution has yet been made. In place of the medal itself, veterans awarded this honor have hertofore worn the ribbon bar which ordinarily substitutes for the medal on all occasions except formal ceremonies.

Sgt. Carpenter estimated that approximately 1000 veterans in this community are eligible to receive the Victory Medal.

He pointed out that the discharge papers of most eligible Army veterans relieved from active duty since V-J Day bear a notation that the individual is authorized to war this medal.

Announce Dates of Horticultural Show

The 1947 flower, fruit and vegetable show of the Bloomfield Hills and District Horticultural Society will be held in the Community House on Sept. 13 and 14. S. W. Killing is in charge of arrangements at the show, and entries may be made through Arthur Claxton, Box 185, Bloomfield Hills.

The affair this year will follow the style of former years, with classes for cut flowers, vases of perennials or annuals, roses grown out-of-doors, dahlias, gladiolus and for artistic arrangement. There will also be dishes of fruits and vegetable displays.

One open class will be held for amateurs, and another of artistic arrangements for the members of both societies.

Take the Man out of Manure Handling

MANURE HANDLING is a great muscle builder for the farmer who has no other form of exercise. You know, farmers have plenty of tough, back-breaking chores, besides pitching litter out of the barn. Today, though, this time wasting labor can be a thing of the past, thanks to the electrically powered gutter cleaner.

Some barn cleaners work on an endless metal chain which runs in the gutter, removing litter by the conveyor principle. They clean the barn while you do the chores . . . needing no more than push-button attention for the entire operation. Driven by a small electric motor, and designed for any barn, this mechanically-simple device takes only a fraction of the time formerly needed by the pitchfork and wheelbarrow method.

The Farm Service Advisor at your nearest Edison office will be glad to give impartial advice on tested gutter cleaners. As a first step in mechanizing your barn cleaning, why not have him arrange for you to see one in operation? Talk with the owner and see for yourself how simple and inexpensive the chore of gutter cleaning can be when the man is taken out of manure handling.
