Intramural Program Planned at Baldwin

By Lee Daly
An intramural sports program will be initiated and carried out during the winter under the guidance of coach Vincent Saccoccia, if space in the gym permits.

Competition for everyone is the keynote of this program which includes such activities as boxing, wrestling, and any other feature sport in which a sufficient number is interested.

Facilities for such a system and all the activities that could comprise it have not yet been discussed, but it is hoped that all will be in readiness by the time school reopens following Christmas vacation.
